Former Stripteaser Seized With Kidnaped Indiana Baby

FARMER 'CULTIVATES" JUNK — John Herdman of West Almond, N. Y., is a farmer who deals in junk rather than produce. Practically crowded out of his farmhouse by his collection of "things," which range from mousetraps to ancient hearses Herdman finds the junk business more pleasurable and profitable than tilling the soil. The junk farmer shows one of his prize "crops," an old auto body, that stands amid the litter on his parlor floor. On the ceiling hang thousands of neatly tagged items, ready for sale.

Missing Greenlease Ransom Bill Found At Petoskey, Mich.

DETROIT (AP)—Twenty dollars of the missing $308,000 Greenlease ransom money has appeared in Petoskey, Mich., according to a copyrighted story by the Detroit Times today.

FBI agents have clamped a security lid on local police officers and all other persons involved in the trail of the money.

In Detroit, Fred McIntire, local FBI chief, declined comment.

The Detroit Times story said FBI agents have swarmed into Petoskey since last Tuesday when the $20 bill was discovered by Mrs. Henry J. Krauser, who operates a rooming house.

Mrs. Krauser identified the money from a list circulated by the FBI to all operators of hotels, motels, rooming houses and merchants.

The story in the Detroit Times said there was evidence that a rural mail truck driver in Manton, Mich., received the $20 note and paid it to Mrs. Krauser, unaware of the money's background.

Every operator of a business enterprise in Michigan's northern sector, and every bank, has been provided with a list of serial numbers from the unrecovered bills in the $600,000 paid by Robert C. Greenlease, Oct. 4, for the return of his son, Bobby, who was already dead.

One speculation holds that the missing ransom came into Michigan through Chicago's underworld where the money may have been sold by professional "fences" for 30 to 50 cents on the dollar.

All of the missing $308,000 is in $10 and $20 bills.

Hopes Brighten For Peace Talks

PANMUNJOM (AP) — U. S. and Red diplomats met secretly today on an agenda for planning a Korean peace conference and the Communists offered a statement which obviously interested the American negotiators.

Although the lower level meetings are secret by agreement, U. S. delegate Kenneth Young told newsmen he had taken a 10 - minute break "to study carefully their remarks.

Young would not discuss the Red statement, but said:

"We hope we can get an agreement."

Monday's 1 hour and 45 minute session was the second held by staff officers after top-level diplomats in 11 meetings couldn't agree on what to talk about first.

Death Takes King Of Saudi Arabia; Prince On Throne

BAHREIN (AP) — King Ibn Saud of Saudi Arabia died today. Emir Saud is now King and Emir Faisal now crown prince.

Ibn Saud, whose age is best estimated at about 73, had been reported seriously ill last month with heart disease. He had been crippled with arthritis in recent years. Official circles said only a couple of weeks ago, however, that the King had "passed the crisis."

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Fair and colder tonight. Tuesday fair and a little warmer.

ESCANABA AND VICINITY: Fair and a little colder tonight with low temperature 24°. Tuesday fair and mild with high 45° to 50°. Northwesterly winds 6-12 mph tonight, becoming west to southwest Tuesday.

State Dedicates Lansing Offices

LANSING (AP)—Michigan will dedicate its new eight story $5,300,000 state office building Tuesday.

It is the Steven I. Mason building, a modernistic structure a block west of the state capitol and a block northwest of the old state office building, remodeled and renamed the Lewis Cass building since its virtual destruction in a fire three years ago.

In order to bring state agencies under one roof from a dozen scattered and rented quarters, the structure was financed by bonds sold to the state employes retirement fund. Each agency contributes "rental" to repay the bond issue.

The building will house the State Highway Department, Conservation Department, Corrections Department and the new drivers' licensing division of the Department of State.

Whiskey And Cigaret Advertising Dropped In Medical Journals

CHICAGO (AP) — The American Medical Assn. will drop all cigarette, tobacco and alcoholic beverage advertisements in all of its publications starting Jan. 1, 1954, because "a large number of physicians interviewed expressed their disapproval" of such ads.

Philippine Voters Cast Ballots Tuesday

MANILA (AP)—President Elpidio Quririno and challenger Ramon Magsaysay wrapped up their free-swinging campaigns tonight and left it to the voters to decide Tuesday who will be the new chief executive of the Philippines. Despite military precautions, violence grew in the last tense hours before the polls opened. The election board said definite results probably would not be known for three days.

United States Heads New Drive To Debate World Disarmament

By A. I. GOLDBERG

UNITED NATIONS, N. Y. (AP)—The United States headed a new drive today to try to get world agreement on a workable disarmament program.

The American delegation to the U. N. placed fresh emphasis on the long-disputed issue in the light of the Korean truce.

Chief Delegate Henry Cabot Lodge Jr. was scheduled to deliver a major policy speech on the subject today before the General Assembly's 60-nation Political Committee.

Good Use For Savings

Britain opened the debate last Friday. France's Jules Moch and other Western spokesmen expect to take the floor after Lodge, perhaps Tuesday.

The Western members of the present disarmament commission --Canada, Chile, China, Colombia, Denmark, France, Greece, Lebanon, Pakistan, Britain and the United States—plus Brazil, Turkey and New Zealand have backed a resolution calling for renewed efforts to bring about a cutdown in the arms race.

The resolution proposes that savings effected in such a cutdown go into an international fund to help underdeveloped countries.

Russia Obstinate

Over bitter Soviet opposition and against Red counterproposals, the United States and her Western allies have backed a step-by-step plan for supervising an arms cut, first in conventional weapons. The plan demands the setting up of means for the inspection under U. N. supervision of raw material sources, atomic stockpiles and atom bomb plant installations of any nation without restriction.

Russia has countered in the past with the demand for an immediate U. N. declaration banning atomic weapons and a one-third arms cut by the big powers before any such control or supervision is set up.

Rules Ignored By Communists In POW Wooing

By JOHN RANDOLPH

PANMUNJOM (AP)—The Indian chief of the Korean repatriation commission went to Kaesong today for a face-to-face meeting with the Red high command that may determine the future of the straggling Communist program to woo back thousands of its former soldiers.

The trip by Lt. Gen. K. S. Thimayya came after the Communists defied a set of ground rules for the interviews which he laid down Friday night.

Thimayya conferred for almost four hours with the Communists, then returned to his headquarters in the neutral zone.

The Indian Command said Thimayya would not release any information on the meeting until he meets with the full Repatriation Commission at 10 a. m. Tuesday 7 p. m. CST Monday.

A spokesman also announced formally that there would be no prisoner explanations Tuesday.

The 90-day interview program reached its halfway point Monday with only about 10 per cent of the 22,400 Chinese and North Koreans interviewed—a direct result of Communist delaying tactics.

Thimayya told the Reds to call 500 prisoners (one compound) a day and forget about those they are unable to get to each day. Otherwise, he indicated, the Indians might have to take over the program themselves.

Millionaire Promoter Dies At Wildwood, NJ

WILDWOOD, N. J. (AP)—Sebastian B. Ramagosa, 57, millionaire race horse and store owner, died Sunday in Burdette Tomlin Memorial Hospital of a cerebral hemorrhage.

Ramagosa was said to be the first person to sponsor dance marathons during the 1930s. Among those employed by him were Red Skelton, Frankie Laine and June Havoc.

His enterprises were concentrated in Wildwood, where he owned 76 stores, a local bus company and a turkey farm. Other interests were nationwide. He owned a stable of racing horses which were in meets throughout the East.

He had operated 110 marathons throughout the nation prior to World War II.

Ferguson Will Be Main Target For Democrats

LANSING (AP)—In two moves, the Democratic State Central Committee Sunday showed its determination to beat U. S. Senator Homer Ferguson (R-Mich) if he runs for reelection next year.

The committee adopted a resolution condemning Ferguson for "consistently voting against the best interests of Michigan farmers."

Assembling a record 325 women for an instruction session, party leaders broke them up into congresional district sections to hear the voting records of each Republican congressman from Michigan, but in each one, Ferguson was also the target.

The committee voted to seek an operational and campaign fund for 1954 of $195,000, to be raised by the counties on the basis of three cents per capita.

The Democratic state convention for next year was ordered held in Grand Rapids Aug. 14.

Gov. Williams told the party leaders he would be pleased to "blush" for the Republicans if the GOP-controlled Legislature would pass stronger workmen's compensation and unemployment compensation laws and a fair employment practices bill. This was a reference to a newspaper story the Republicans will try to make Williams "blush" by doing that.

Politicians Watch California Election

LOS ANGELES (AP)—Republicans and Democrats, their forces split by two candidates on each ticket, wound up their campaigns today in the 24th District, where the year's final congressional contest will command national attention Tuesday.

To the Republicans the race may mean further jeopardy for their slim House majority. To the Democrats the balloting may mean a crowning triumph for recent victories east of the Mississippi. There are now 218 Republicans and 215 Democrats in the House of Representatives.

The registrar of voters has forecast a 40 per cent ballot—perhaps 66,000 votes—in the special election. In the district there are 81,691 registered Democrats and 75,289 Republicans.

The seat was vacated by a Republican.

The one who gets the highest number of votes will win, even though his total may not represent a majority of the ballots cast.

Candidates are Glenard P. Lipscomb and John L. E. Collier, both Republican state assemblymen; and George Arnold, attorney, and Irving Markheim, veterans' service officer. The Republican party is supporting Lipscomb. Arnold has Democratic party endorsement.

Sobriety Test Wins Tipsy Driver Charge For Indignant Woman

DELAWARE, Ohio, (AP)—Mrs. Mildred Louise Buster, 35, of Indianapolis, was insulted Sunday when the highway patrolman suspected she might have been drinking.

He didn't book her for drunken driving when he clocked her car at 70 miles an hour. But he did insist she delay her trip to Cleveland for a while.

Mrs. Buster was indignant. She demanded and got an intoxication test.

Today she's facing a drunk driving charge.

Sitter, 17, Gives Up In Oklahoma After 2-Day Hike

HUGO, Okla. (AP)—A 17-year-old former carnival strip teaser was arrested today and quickly arraigned on a federal charge of kidnaping a 5-months old baby boy while baby sitting with him at Evansville, Ind.

FBI agents arrested Mrs. Tommie Dene Doughty and recovered the baby, Richard Lee Stammer, alive.

They were found at the home of Mrs. Doughty's father, Buford M. Mason, north of Bokchita in Red River Valley farm country.

The child is the son of Richard Duane Stammer, 20, a sailor, and Shirley Stammer, 18.

Glad It's Over

Mrs. Doughty was arraigned before U. S. Commissioner D. A. Stovall six hours after she was captured. Stovall placed her under $20,000 bond and she was turned over to U. S. Deputy Marshal W. A. White for removal to Muskogee federal jail.

"In a way I'm glad it's over, but I still wish I could have kept him for a few more days," Mrs. Doughty told the Associated Press in Oklahoma City by telephone.

She was permitted to talk on the phone after her arraignment and she haltingly answered questions about her trip by bus and hitchhiking since she took the baby Friday night.

"He is just age of the one I lost," Mrs. Doughty said. "I fell in love with him when I first saw him. He reminded me of my child. He didn't give me any trouble at all during the trip.

Didn't Cry At All

"I had some money when we left Evansville and I bought what he needed along the way. He didn't cry at all . . . was just a perfect baby."

Asked how she felt, she quickly replied:

"How would you feel?"

The FBI said that Mrs. Doughty lost a child at birth in June 1953 in Chicago.

The agents said that Mrs. Doughty told them she gave birth to a child at Dallas in 1951 but two weeks later her husband took it away and she never has seen it since. The FBI said the father was Lamar Mitchell.

Commissioner Stovall said after the arraignment Mrs. Doughty told him:

"The mother can have her baby

(Please Turn To Page 6, Col. 5)

Prohibition Party Off To Bad Start For 1954 Revival

LANSING (AP)—The Prohibition Party's campaign for signatures to keep a place on the 1954 Michigan ballot is off to a bad start — but party officials are not discouraged.

A campaign "kickoff" here over the weekend attracted less than a dozen persons, but State Chairman Ralph C. March of Mendon said petitions would be mailed out to party members. He blamed the poor attendance on lack of preliminary publicity and planning.

The party needs 14,464 signatures to win a place on next year's ballot.

TODAY'S CHUCKLE

Counsel to police witness: "But if a man is in the middle of the road on his hands and knees, that does not necessarily prove that he is intoxicated."

Policeman: "No, sir, it does not, but this man was trying to roll up the white stripe."

HANDLE WITH CARE — Almost as stiff as his new, starchy suit, a little page remains at attention while a guest carries him to a wedding reception. The reception followed the wedding of Miss E. M. Carew Pole and D. C. Quilter at the North Mimms, England, Parish Church. Queen Mother Elizabeth and Princess Margaret attended the wedding.

High Waves Bring Hunting Tragedies On St. Clair River

MT. CLEMENS (AP) — A grim search, which authorities feared might turn up a fourth or even a fifth drowning victim, started at daybreak today on the icy waters of the St. Clair River.

So far only one body has been recovered. But apparent evidence of other tragedies has been uncovered.

The body of John J. Jesky, 37, of Detroit, was found floating Sunday off Harsens Island, where the river empties into Lake St. Clair.

Despite 40-mile northeast winds and posted storm warnings for small craft, Jesky and his brother-in-law, Walter Wells, also of Detroit, went duck hunting Saturday.

Not far from where Jesky's body was found, the Coast Guard found what is believed to be wreckage of a cabin cruiser in which three other men went fishing on the storm-tossed river.

Still later a third boat, apparently a duck hunter's, was found. It contained a gun and hunting equipment.

Since only Jesky, his brother-in-law and the three who set out in the cabin cruiser were reported missing, some hope was held the occupant or occupants of the third boat might have made it ashore.

Lake Too Rough

The three who set out in the cabin cruiser were Leo Renkowski, 58, and his son, Jerome, 17, of Detroit, and Phillip Price, 35, of Mt. Clemens.

Carl J. Peterson, of Detroit, said he saw the party Saturday when he pulled anchor to go home.

"I saw I could never make it across the lake to the Clinton channel," Peterson said. "The waves were at least six feet high. So I turned back. Phil was just getting ready to pull anchor. The last thing I told him was 'Don't try to cross the lake. You can't make it.'

"I looked back. He had pulled anchor and was pitching something terrible."

Fire Fatal To 3 Little Children

FULTON, Ky. (AP) — Desperately Mrs. Thomas L. Dedman groped Sunday night for her children in the wildly blazing room. The lights had gone out and the room was full of smoke.

Troy Lee Poole, 18, of Harris Station, Tenn., a visitor, crawled about on his hands and knees, also searching.

But the rapidly spreading fire, started when an overturned oil heater exploded, forced them to give up. They fled with face and neck badly burned.

Mrs. Dedman's two older daughters, Patsy, 15, and Anita, 12, escaped too. Left in the house were Terry Lynn, 7, Donna Fay, 4, and Tommy, 2.

Later firemen found three small bodies cuddled together near a window. The home was destroyed.

Federal Excise Tax Proposed To Replace Present Hodge-Podge

LASALLE, Ill. (AP)—Rep. Mason (R-Ill.) plans to propose a 5 per cent federal manufacturers' excise tax to replace what he calls the present "hoge-podge system of excise taxes."

In a radio speech from station WLPO, LaSalle, Sunday Mason said he would introduce a measure when Congress reconvenes in January proposing to levy such a tax on all manufactured products except food and medicine, and to repeal all federal excise taxes except those on liquor and tobacco.

Japanese Trawlers Fired Upon At Sea

TOKYO (AP) — Five Japanese trawlers were fired on last night by ships of unknown registry in the East China sea about 100 miles east of the Chucahan Islands, the Japanese Coast Guard reported today.

The Coast Guard said four of the ships reported they fled successfully but that the fifth, a 75-tonner with 13 fishermen aboard, has not been heard from.

Chinese Communists control the islands.

Deputy Slated For Figy's Job

LANSING (AP) —The State Agriculture Commission expects to select a new director today to succeed Charles Figy of Morenci, dismissed in one of last summer's most controversial actions in state government.

George McIntyre of Lansing, deputy under Figy and acting director since Figy's dismissal, is reported to be the leading candidate for the post.

A month ago, he was considered a cinch for the $10,000 a year post, but there are reports that some opposition to him has shown up in the commission.

There was doubt, however, that the opposition was strong enough to head off the appointment, being strongly backed by chairman C. B. Smith of Williamston.

Palace For Sale

CAIRO (AP)—Ex-King Farouk's floating pleasure palace is up for sale. The ornate ship Mahroussa—it means "Protected"—has been in dry dock since Farouk's exile in 1952.

Democratic Spy Reply Dishonest, Says McCarthy

WASHINGTON (AP)—Democratic Chairman Stephen A. Mitchell's challenge to the Eisenhower administration to lay before a grand jury the charges that former President Truman promoted a Russian spy was termed "completely dishonest" today by Sen. McCarthy (R-Wis).

Atty. Gen. Brownell, who made the politically explosive accusation in a speech at Chicago Friday, made no comment on Mitchell's challenge.

Armful Of Porcupines

Mitchell, appearing on a CBS television program Sunday, accused Brownell of "low politics" in saying that Truman had promoted the late Harry Dexter White in the face of FBI reports that White was a spy. Truman has denied it.

"The Republicans may have an armful of porcupines before they get through with this," Mitchell said.

McCarthy, in an interview, said the Democratic national chairman knows it was "completely dishonest" to suggest that the whole matter be laid before a grand jury, and he declared:

"Anyone with an ounce of brains knows you can have a completely documented case of espionage which would not be a legal case. It is completely dishonest to say that unless you can send them to jail they are innocent.

People Get Facts

"If Truman and his crowd protected people who obviously were espionage agents, such as White, that doesn't mean you can indict them. The important thing is that the people know the facts. I think Atty. Gen. Brownell performed a tremendous public service."

Truman has said White was fired "as soon as we found out he was wrong."

Truman, asked why White was not prosecuted, told newsmen in Kansas City Saturday: "It was never proven that White was a spy. He denied any such connections before an investigating committee. He was never indicted by a grand jury."

White died in 1948, a week after denying before the House Un-American Activities Committee that he had been a member of an "elite" group in the Communist apparatus.

Smokescreen Charged

Brownell had said Truman promoted White in 1946 from the post of assistant secretary of the Treasury to director of the International Monetary Fund despite two warnings from the FBI.

Mitchell, terming the whole thing "a political smokescreen," said that if someone took advantage of Truman, such a person should be prosecuted.

Then, speaking of Brownell, Mitchell suggested "let him go before a grand jury" with the evidence and get his answer.

No Sign Of Break In Jet Walkout

LOS ANGELES (AP)—Negotiations are continuing in two major segments of the aircraft industry—Lockheed and Douglas—but there is no sign of a break today in the 17-day-old strike that has virtually halted production at North American Aviation plants.

North American produces the Sabret jet and Super Sabre, interceptor and fighter planes for the Air Force at plants in Los Angeles and Fresno, Calif., and Columbus, Ohio.

Fears of a general tieup in the aviation industry were eased still further Sunday when members of the AFL International Association of Machinists turned down the latest offer of Lockheed but voted for a continuation of negotiations while they stay on the job. Last week Douglas workers represented the IAM at Santa Monica did the same thing and those at El segundo voted to accept a company offer of a 5-cent hourly wage boost.

The IAM at Lockheed seeks a 12 per cent wage boost. The company has offered 5 cents and an additional cent in cost of living. Current wages range from $1.27 to $2.61 with about 16 categories. Average wage is $1.98½.

Bible Ban Opposed

DETROIT (AP)—The Board of Managers of the United Church Men Sunday urged repeal of state laws banning Bible reading in public school classrooms. The group meeting here is a unit of the National Council of Churches.

Nurse Changes Plea In Court

Registered nurse Fannie Dale Smythe of Escanaba, charged with oabtining narcotic drugs by fraud, changed her plea from not guilty to nolle contendre in Circuit Court this morning. Nolle contendre is a legal term for "no contest."

It was accepted by Circuit Judge Edward Fenlon of Petoskey in the same light as a plea of guilty. The jury trial scheduled in the case was canceled and Miss Smythe will be sentenced sometime this week.

Pre-Sentence Investigation

Judge Fenlon asked Wallace R. Kemp of Marquette, probation officer and friend of the court, to make a pre-sentence investigation and report on Miss Smythe. The judge will take this report into consideration in passing sentence.

County Prosecutor Nicholas Chapekis represented the state in the case. Atty. Alger Strom of Gladstone represented Miss Smythe.

Miss Smythe, who formerly worked on the fourth floor of St. Francis Hospital was arrested Oct. 10 by Escanaba city police. She waived justice court examination and Judge Henry Ranguette bound her over to Circuit Court.

Settled Out Of Court

The jury civil case of Albert L. Wilson of near Daggett vs. Fogel-Kushel Transportation Co. of Lethbridge, Alberta, Canada, was settled out of court, County Clerk Butler said.

Wilson had sued the Canadian company for $2,550.00, alleging negligence of a company driver who was responsible for an accident which happened Oct. 1, 1951, on US-2-41 between Escanaba and Gladstone. Wilson, driving between the two communities, ran into a Fogel-Kushel car transport which he alleged in his declaration was straddling the highway.

Wilson could not be reached for comment on the amount of the settlement this morning.

No Court Wednesday

After events revealed the jury would not be needed today, Sheriff William Miron Sunday contacted the jury personnel by phone and told them they need not report today, Butler said.

The county clerk said he did not know whether the jury would be needed during the remainder of the court term. Court is scheduled to continue through this week.

There will be no court session Wednesday, which is Armistice Day, Butler said.

Chest Army Striving To End Drive Before Deer Army Mobilizes

This is the week of the "big push" for the Delta County Community Chest campaign as all chairmen and solicitors strive to complete the drive before the start of deer season Sunday, Nov. 15.

"Starting today, I particularly urge all solicitors to turn in their envelopes as soon as possible," Executive Chairman William Anderson said this morning.

"Only in this way can we make an accurate check of the progress of the campaign and report such progress to the public by means of the giant feather thermometer at 11th and Ludington Street intersection and the big feather in Gladstone and through the mediums of newspaper and radio.

To Show You Care Give Your Fair Share

FOR HUMANITY

"It is important to the success of the campaign that such reports he made as frequently as possible."

Although only $2,000 or approximately 15 per cent of the Escanaba quota has been turned in to date, it is apparent that much more has been collected but has not yet been turned in, Escanaba Chairman James A. Kennedy pointed out.

All committees in Escanaba are urged by Kennedy to complete their work and turn in their reports early this week.

Against a goal of $20,000, approximately $3,300 has been turned in to date. Escanaba's goal is $12,500, Gladstone $4,500 and the township goal is $3,000.

DAV Has No Sales Events Or Agents

The Disabled American Veterans are not sponsoring any sales events and it has no sales agents, William Garbett, publicity chairman for the local DAV chapter, said today.

It does not authorize any salesman for magazine subscriptions, or employ any individual to sell products from door to door.

Vivian D. Corbly, DAV national adjutant, requests citizens who are approached by salesmen who claim they represent the DAV to notify local authorities.

Isabella

ISABELLA — Mrs. Nick Bonifas, Mrs. Isadore Bonifas, Mrs. Algo Segerstrom, Mrs. Arvid Sundin and Judith Strom were guests of Mrs. A. Carlstrom at Manistique Thursday.

Mr. and Mrs. Nick Bonifas were dinner guests of their daughter and son-in-law, Trooper and Mrs. Jack Elbi at Manistique Friday.

Attending the football game at Negauee Saturday were Mr. and Mrs. Nick Bonifas.

Mrs. Jacob Landis and Mrs. Dale Watchorn visited at the Edwin Sundin home in Manistique Friday.

Mrs. Judith Strom is having a well dug at her place and has been successful in getting water despite the dry season. J. Sjogren has been doing the work.

Mr. and Mrs. Arvid Sundin visited at the home of Mr. and Mrs. John Kallin in Escanaba. The Kallins have just returned from Sweden.

Mrs. Emma Peterson spent the weekend in Manistique with her daughter, Mrs. Jack Leonard.

Collects Prize

OSLO, Norway (AP)—Gen. George C. Marshall, winner of this year's Nobel Peace Prize, will come to Norway to collect the prize at traditional Dec. 10 ceremonies on the anniversary of prize founder Alfred Nobel's death, the Norwegian Nobel Institute said today.

Mrs. Lucv Davis Dies At Hospital

Mrs. Lucy Davis, 84, of Chatham, widow of the late Irvin A. Davis of Gladstone, died early today at St. Francis Hospital.

Born Nov. 26, 1868 in Wells County, Ind., the Davis family moved to Trenary in 1899. Mr. Davis operated a store there until 1914 when they moved to Gladstone. She was a member of the Methodist Church.

She is survived by three daughters, Mrs. Abe (Lena) Baum of Escanaba, Mrs. Joseph (Frieda) Brisson of Chatham and Mrs. George (Elsie) Depew of Munising.

The body was taken to the Kelley Funeral Home where funeral arrangements have not been completed.

Powdered silver and wine are legendary ingredients in the mortar cementing together the stones of the massive church at Valenciana in Mexico, the National Geographic Society reports.

Peninsula KC Officers Meet

The Marquette Diocesan Conference of the Knights of Columbus together with its State officers met yesterday at the Knights of Columbus club rooms in Escanaba. State Deputy Thomas N. Kavanagh of Carson City presided at the conference, and talks and discussions were led by Alvin J. Shinderle of Big Rapids on membership.

Brother Hilarion of the Brothers of Holy Cross and director of the Knights of Columbus of Boysville at Macon, Mich., gave a report on the progress and activities at Boysville.

Reports were also given by Walter H. Graveline of Bay City, state secretary; Wilfred Connelly, Detroit, state treasurer; Joseph J. Mainolfi of Saginaw, state advocate, and John Lahaie, St. Ignace, diocesan insurance director.

Supreme Director Gervase T. Murphy, Calumet, presented a message from the Supreme Council of the Knights of Columbus outlining the new development program of the supreme officers, and he discussed the Catholic advertising and parish activity program as recommended by the Supreme Council. Martin McPherson of Sault Ste. Marie, Ont., and state advocate of the Knights of Columbus of Ontario, Canada, was introduced and spoke briefly at the meeting.

A chicken dinner was served to the delegates by the Altar Society of St. Patrick's Parish in the church dining hall following the conference at which time Thomas L. Noa, Bishop of Marquette, gave the principal address. Brief remarks were also given by Rt. Rev. Msgr. Martin B. Melican, pastor of St. Patrick's parish of Escanaba.

Officers of the Upper Peninsula Councils present were from Menominee, Escanaba, Manistique, St. Ignace, Sault Ste. Marie, Newberry, Munising, Marquette, Ishpeming, Lake Linden, Calumet, Ontonagon, Ironwood, Iron River, Crystal Falls, Iron Mountain, Negaunee, Bessemer and Hancock..

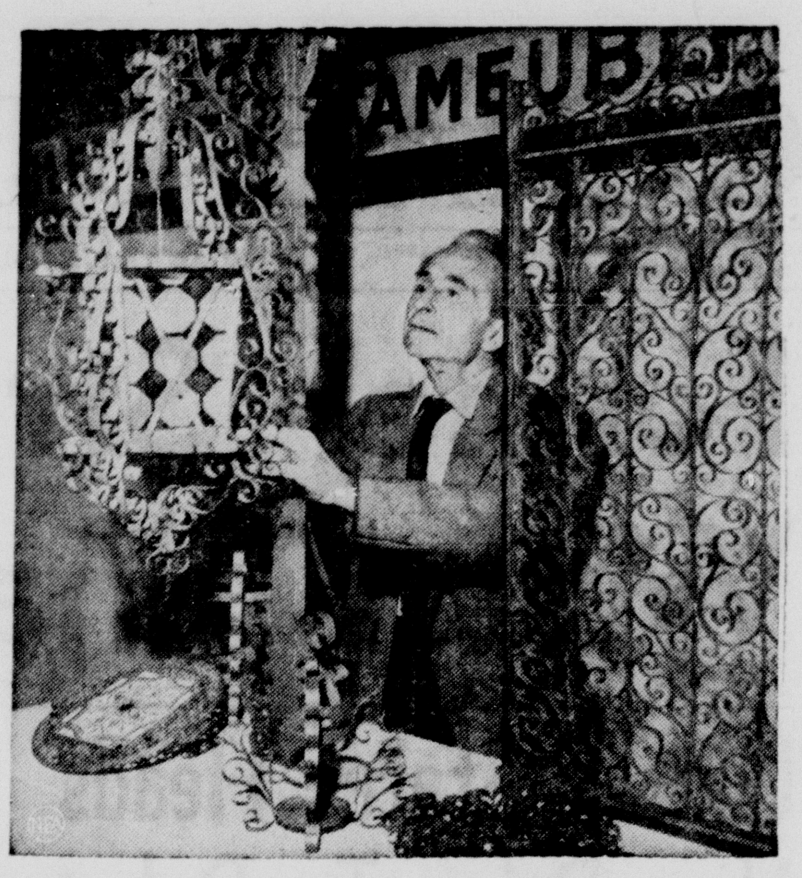
THOSE IN UNIFORM

Harold F. Weber, Jr., seaman, USN, son of Mr. and Mrs. Harold F. Weber of 1314 Second Ave. S., Escanaba, Mich., is aboard the USS Tingey, in the Far East.

Army Pvt. Edwin E. Derocher, 20, son of Mr. and Mrs. Eugene A Derocher, Route 2, Bark River, Mich., is now serving with 2nd Infantry Division in Korea.

Winner In Portugal

LISBON, Portugal (AP) — Final returns today in Portugal's parliamentary elections gave Premier Antonio Salazar's national union party all 120 seats in the Assembly. The National Assembly is mainly a consultative body under the 1933 Constitution. During its recess the government can put through legislation by decree.



SCRAPS OF BEAUTY — Metal straps used to secure wooden packing crates for shipment become things of beauty in the hands of Edmond Donzel. The Parisian shapes the scrap straps into lamps, gates and decorative flower containers. Donzel is shown with his exhibit at the Paris Hobby Show.

Over Half-Million Spent To Attract Tourists To State

Michigan organizations are spending a total of $566,419 this year in an effort to attract tourists and vacationers, according to a survey recently completed by the research department of The Curtis Publishing Company.

The East Michigan Tourist Association, of Bay City, is spending $75,000; Southeastern Michigan Tourist and Publicity Association, of Detroit, $58,216; West Michigan Tourist and Resort Association, of Grand Rapids, $94,650; Copper Country Vacationists League, of Houghton, $9,450; Ironwood Chamber of Commerce, $4,050; Michigan Tourist Council, a state government organization, of Lansing, $26,000; Marquette Chamber of Commerce, $2,000; Upper Peninsula Development Bureau, of Marquette, $81,053; and the Resort Division of the Chamber of Commerce of Traverse City, $16,000.

With the tourist and vacation travel industry being many times larger than it was before World War II, the report asserts, annual "sales" are now reckoned in billions of dollars. This money will be spent by Americans to satisfy their desire to see new places, to meet new people, and to have more fun in their growing amount of leisure time.

The Curtis survey, entitled "State Area and Community Advertising and Promotional Expenditures in 1953," is based on a study of 242 state, area, and community groups located in all parts of the United States. The report, the seventh annual survey on the subject, shows in detail the amount currently earmarked for advertising and promotional purposes by these groups. Their expenditures to attract industry are also shown in the report together with a summary by states and regions of all tourist, vacation and industrial advertising and promotional expenditures.

U. S. Forest areas total 622 million acres.

Upper Peninsula Briefs

SAULT STE. MARIE — An elderly man who had been lying in an alley was dragged 84 feet under a car to his death early this morning. He was Alfred Murphy, 76. Papers indicated he at one time resided at Eckerman. Willis, driver of the car, told Sault police he thought he had struck a dog, and continued on 84 feet before he stopped to determine what was dragging under his car.

ISHPEMING—When the executive committee of the fund drive for the Francis A. Bell Memorial Hospital met, Sam M. Cohodas, general chairman, announced that $250,000 had been pledged and that it is still necessary to raise $50,000 to reach the goal. The meeting was called to discuss ways and means of raising this additional amount.

SAULT STE. MARIE — Rail traffic north out of Trout Lake was at a virtual standstill Saturday with another DSS&A train off the tracks east of Brimley. The accident, second in two days for the South Shore line, occurred about midnight Friday. The first derailment occurred west of Hulbert Thursday afternoon.

MARQUETTE — Donald Scavarda, of Marquette, has begun his studies at the Hamburg School of Music in Germany under the Fulbright Exchange program between the United States and Germany. Scavarda, who received his bachelors and masters degrees in music composition at the University of Michigan, was selected as a grantee for the student scholarship award from the Fulbright commission to study one year in a foreign country.

MARINETTE — A suit asking $1,000 damages for trespass was filed against Marinette County Friday in county court by two Brown County residents who own property in the Town of Athelstane. Clarence C. and Robert C. Linck of the Town of Allouez, Brown County, charge that a surveyor employed by the county, which owns property adjacent to theirs, incorrectly placed a survey marker.

Kurzinski Gets 30 Days For Aiding In Minors' Delinquency

Clyde M. Kurzinski, 18, of Trenary, was ordered to jail for 30 days by Justice Caroline A. Nystrom for failure to pay $25 fine and costs after Kurzinski was arraigned on a charge of contributing to the delinquency of two Trenary boys.

Kurzinski has also been enjoined by circuit court from molesting or annoying his estranged wife, Maxine, 1215 Fourth Ave. S., Escanaba, who seeks a divorce and custody of their child.

Giving Nazi U-Boats To Reds Was Dumb Stunt, Wilson Says

WASHINGTON (AP)— Secretary of Defense Wilson said today that after World War II "we were dumb enough to turn over the whole German submarine fleet to the Russians."

Wilson, in a coppriɡhted interview with the magazine U. S. News and World Report, also said he had been misquoted as saying during Senate hearings on his nomination that "what's good for General Motors is good for the country."

Mistakes Of Past

He did not elaborate on his remark about German submarines, nor say how many the Germans had when they surrendered. Asked about reports that Russia has the world's second largest Navy, Wilson said:

"The first thing I would like to do in my job down here is to work over some of the mistakes of the past.

"When anyone mentions the Russian submarines and the fact that we were dumb enough to turn over the whole German submarine fleet to the Russians, I get a little hot and stay hot for several minutes."

Asked, "Did we agree to do that?" Wilson replied: "Yes. They got the submarines."

Asked about his controversial statement of a few weeks ago that he does not think the Russians have the capability of waging a sustained atomic war, he said:

"I did think we were getting too panicky . . . I know the people would like to have us tell them what we think the nation ought to do . . . I don't think the Russians are going to start a war and move in on us first because they have A-bombs any more than they did just because they've got big land armies on the other side of the line in Europe."

Wilson, president of General Motors Corp., before President Eisenhower picked him to be secretary of defense, said that during Senate Armed Services Committee hearings on his nomination, held behind closed doors, he was asked about the possibility of having to make decisions which might conflict with the interests of GM.

He said he replied that he could make such decisions but could not conceive of any such conflict "because for years I have thought that what was good for the country was good for General Motors, and vice versa."

"Some reporters picked up that 'vise versa,' applied it out of context, and that's the only thing they represented as a quotation from what I was supposed to have said."

Wilson foresaw no possibility of big reductions in military spending in the years immediately ahead.

C&NW Veterans Hold Banquet

Walter V. Leppla of Escanaba, retired chief train dispatcher of the C&NW Peninsula division, was reelected president of the C&NW Veterans' Association Sunday afternoon during a banquet meeting, in the Knights of Columbus clubrooms which 249 members and guests attended. It was the association's eighth annual banquet.

George W. Walter of Escanaba was reelected vice-president and Ivor J. Barber of Escanaba was again elected secretary.

Elected as the board of directors were C. T. Weir, Lee Carter, L. A. McMillan, Alvin D. O'Donnell, Herbert Sundelius, Elmer LaPlant and Leo Laviolette, all of Escanaba.

Featured on a varied program were an address by W. H. Roberts, of Chicago, president of the association, and remarks by U. C. Upton, of Lake Villa, Ill., its secretary. Entertainment was provided by Russel De Mille, boy singer from Green Bay who is the nephew of Joseph J. DeMille of Green Bay, a C&NW engineer working out of Escanaba; and the Geigel sisters, Escanaba singing duet.

Association President Roberts, who is safety supervisor of the C&NW, suggested to the veterans that they could add scope to their activities by visiting old pensioners, by remembering widows of C&NW employes; and by sticking by C&NW men in the period just after they retire, which he said was apt to be a time of mental and emotional distress.

Upton Praises Association

Upton, the organization's secretary, who said he first came to the Peninsula division in May 1905, from northern Iowa, because of hay fever, praised the organization's policy of taking in as social members persons who worked for the railroad more than 20 years ago regardless of their length of service.

He said this helps C&NW men keep track of old friends and could do the railroad no harm from a traffic viewpoint.

The secretary said all railroad men had a stake in seeing the railroad prosper and declared railroad employes could be more potent in obtaining traffic business than the entire traffic department, if they put their minds to it.

George Harvey of Escanaba, who was toastmaster, narrated the history of the C&NW Veterans' Association, which he said was organized Dec. 9, 1924, in Mason City, Iowa.

Membership, which in 1943 was 852, today stands at 5,862, Harvey said. Peninsula division membership, which was 31 when the first banquet was held here eight years ago, is now 369.

Program Is Outlined

Harvey said the increase was because the association holds annual dinners at all division points on the system, the dinners being paid for by the company; and by the untiring efforts of the association's officers and many others.

He said the C&NW Veterans' Association is affiliated with the National Association of Railroad Veterans, whose program included:

Opposing the St. Lawrence Waterway; supporting changes in the pension bill to permit employes to earn more after they are pensioned; asking more liberal pass privileges for all employes; and urging that the time be shortened that a newly retired person must wait for his first pension check.

The C&NW Veterans' Association, Harvey said, is sponsoring a movement to have all demerit marks removed when an employe reaches 50 years service, and is trying to have gold passes issued to all with 50 years service. The association endorses the gerontology program. It has a committee meeting with Blue Cross representatives in an attempt to work out a plan whereby employes can keep their Blue Cross insurance at the same rate after retirement as they pay during active employment.

Dance Follows Program

He urged members to adopt as their slogan, "Let each get a new member."

Fr. John Weisher of Peoria, Ill., gave the invocation at the banquet.

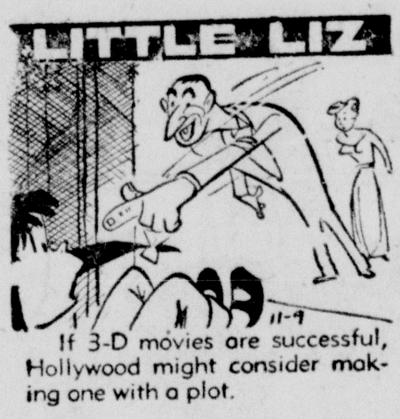
On the banquet committee were L. A. McMillan, chairman; Alvin D. O'Donnell, Herbert Sundelius, Elmer LaPlant, Ivor J. Barber, and Leo Laviolette.

Hostesses were Mrs. Josephine Greis Mrs. Olga Olson, Mrs. Alpha Hansen, Mrs. Irma Oinas, Miss Mae Webb, and Mrs. Phillis Munshaw.

Mrs. W. C. Ramspeck, pianist, accompanied the Geigel sisters and the community singing.

A dance with music by the DeChantal orchestra, followed the events of the afternoon.

Two men whom the association intended to honor at the banquet were unable to come. They were John Murray of Marinette, scheduled to get a 50-year button, and Lloyd Rogers of Escanaba, scheduled to get a 20-year button. They will get their buttons at a future time, Harvey said.



If 3-D movies are successful, Hollywood might consider making one with a plot.

Three Accidents Near Manistique Over Weekend

MANISTIQUE — Three motor crashes, resulting in considerable property damage and hospitalization for two, occurred in this vicinity over the weekend.

The most serious accident happened on Old U.S.-2 about one mile west of Cooks Junction at 10:20 Sunday morning when a car driven by Raymond P. Sturza, of Mt. Clemens, collided with one driven by Francis Brown, of Detroit.

Sturza, while attempting to pass, lost control and crashed into the Brown car causing extensive damage to both vehicles. Mrs. Joyce Ann Sturza, 22, suffered a sprained ankle and injury to her hips. Mrs. Mary Brown, 27 wife of the driver of the other car, suffered a bruised knee. Both women were taken to the Schoolcraft Memorial hospital for treatment.

Sturza was ticketed for driving at excessive speed.

Saturday morning, about 9:45, a collision occurred at the junction of U.-S. and M-77 near Blaney, when Barbara Joanne Kunkel, 23, of East Lansing, drove off of M-77 directly into the path of an oncoming car driven by Joseph Stimac Jr. of Engadine. Both cars were extensively damaged but no one was hurt.

Miss Kunkel was ticketed for failure to yield right-of-way.

Old U.S.-2, about a mile west of Nick's Tavern was the scene of a third accident. A car driven by Allen F. DeMers, of Manistique, sideswiped one driven by Daniel Vertz Jr., 16, also of Manistique. Both cars were damaged, but no one was hurt.

DeMers was ticketed by state police, charged with driving while intoxicated.

Scientists Estimate World Will Grow To Four Billion People

NEW YORK (AP)—Two scientists say the world now has 2½ billion persons and that its population should continue to grow before stabilizing itself at about four billion.

The scientists—W. S. Woytinsky and his wife, E. S. Woytinsky—said the earth's population had quadrupled in the past 300 years and should reach the 3½ billion mark by the start of the next century.

The couple reached their conclusions in a study financed jointly by the Rockefeller Foundation and the 20th Century fund, which made public part of their report yesterday.

Communist Claims Of Paradise Take A Beating At Panmunjom

THE Communist propaganda of paradise under Communism is taking a terrific beating these days at Panmunjom. For that reason it is inevitable that the Communists, getting no place with their pleas to anti-Red POWs to come home, find some excuse for calling the whole thing off.

Not only are the Communists embarrassed by the failure of their efforts to woo the POWs but their own efforts are so harsh that neutral observers at the interviewing are threatening to quit. The Swiss are calling for a change in rules that would preserve the prisoners' rights guaranteed to them under the Geneva Convention. The tactics of the Red interviewers are disgusting to the observers and, of course, more disgusting to the bitter anti-Communist prisoners.

These thousands of North Korean prisoners, remember, were at one time living under the "workers' paradise" of Communism. What they saw and learned of Red rule convinced them that they wanted no more of it. They are willing to leave their own friends and families to avoid a return to the despotism of Communism.

The thousands of North Koreans who are defiant of the Red interviewers brand before the entire world the lies of Communist propaganda.

The Reds have little choice left except to find some excuse for calling off the talks at Panmunjom. Continuance of these interviews serve only to be more harmful to the Commusists.

Words, Wit & Wisdom

By William Morris

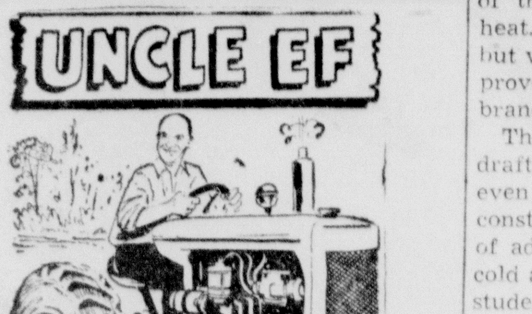
The early days of the New Deal witnessed among many startling developments a truly extraordinary mushrooming in the language of government. With dozens of new departments and agencies being announced each month, the eyes and ears of America soon became attuned to hundreds of new words and phrases. 'Boondoggle," "economic royalist," "brain-truster" and "forgotten man" soon became part of the everyday language of America.

A parallel development was the use by bureaucrats of high-sounding, pompous and often redundant terminology. This practice became so widespread that the then Texas Representative Maury Maverick coined a name for it—"gobbledygook." Later and equally unsympathetic critics have labeled it "governmentese."

Some of the more remarkable monstrosities which distinguished New Deal gobbledygook were 'finalize," "to implement," "directive," "clearance" and "gradualism." As Mr. Maverick succinctly put it in his directive on gobbledygook: 'Be short and say what you're talking about. Let's stop 'pointing up' programs, 'finalizing' contracts that 'stem from' district, regional or Washington 'levels.' No more 'patterns, 'effectuating,' 'dynamics.' Anyone using the words 'activation' or 'implementation' will be shot."

It is certainly too much to expect that a new administration could eliminate in a few months' time all traces of the governmentese fostered by two decades of brain-trusters. Indeed, there are grounds for suspicion that the Eisenhower Administration has developed a few new and elaborate locutions of its own.

Two of them in abbreviated form have figured recently in the news. In today's Washington, for example, an employee is no longer released or fired or even "severed." He is "riffed"—a word derived from the initial letters of the notice he receives of termination of employment: "Reduction in Force." And the "dollar-a-year man"? He went out with the Democratic regime. Today voluntary, unpaid governmental executives are known as "Wocs"—from "without compensation employees."



President Ike has made golf club and fishing tackle salesmen happy through his activities in those sports, says Arch Nearbrite, but he better get out some pictures soon showing him driving a tractor or behind a plow to cheer up the farmers.

Red Jacket Jamboree Opens Wednesday

ESCANABA retail merchants this week beginning Wednesday, will stage the second annual Red Jacket Jamboree. The first event held last year proved so successful that it was decided to conduct the affair again and on an enlarged basis.

The Red Jacket Jamboree is a promotion that ties in with the annual deer hunting season which opens next Sunday. To get into the spirit of the affair, local residents are urged to "wear red" during the Red Jacket Jamboree days, Wednesday through Saturday.

Escanaba has earned a reputation as a good retail trading center. Community-wide promotions such as this one provide one reason for this reputation. The community benefits, the merchants benefit, and, of course, the customers benefit, too, because the stores post most attractive prices for their merchandise during these events.

A special "Red Jacket Jamboree" issue of the Escanaba Press will be distributed Tuesday. Read it carefully, plan your shopping trip and get in on the bargains.

Other Editorial Comments

BANKING THE HOUSE
(New York Times)

Back in the hills some of the farmers are putting winter bustles on their houses. The process, which is a venerable one, uses the good weather at this time of year and the materials at hand.

A low fence, often of mesh wire is put up two feet or so from the walls all around the house with a gap only for the doorway. Then leaves are packed inside, between the fence and the house walls, those crisp, rustly leaves now coming down in showers with every breeze. The leaves settle, and more leaves are added from time to time.

Before the deep frosts strike and the bitter winds blow the house will be snugged at its footings, the winter drafts at least mitigated.

There are variants in the process. Sometimes strow is packed instead of leaves. When there is a sawmill nearby the fence may be made of slabs and the insulation may be sawdust. And occasionally one will find an old house owned by a real conservative, who cuts sod and heaps it around the sills without ony fence.

Anything to break the force of the wind seeking cracks at the floor level. For most of those farmhouses do not have central heat. They are relics of a past way of life; but when they get their winter bustles they prove that insulation of a house is not the brand-new idea that we sometimes think.

There were other means of checking the drafts in those old houses. Their builders even pioneered in the "split level" type of construction, raising or lowering the floor of adjoining rooms to break the flow of cold air. Even so, floors were drafty, as any student of antique kitchen chairs must know. Most of them show well worn front rungs, where grondmother hooked her heels to keep her feet out of the drafts while she sewed or knitted.

The middle-of-the-road policy is okay in some cases, but not with speeding auto drivers.

The Doctor Says . . .

Shingles Is a Disease Which Causes Skin Inflammation

By EDWIN P JORDAN, M D — Written for NEA Service

There is nothing particularly new to be said about shingles, or herpes zoster as it is also known, but Mrs. E. and others have asked for another discussion of its cause and treatment.

Herpes is a painful, acute inflammation accompanied by characteristic blisters on the skin, and involves only that part of the skin which is reached by certain nerves.

It occurs on one side of the body only and is particularly common around the chest, just over the parallel to the ribs, and on the forehead, face, and lower back and abdomen.

The blisters, which appear several days after the pain starts, begin to open and dry up in a few days and finally disappear altogether. In young and middle-aged people this usually ends the matter, but in older people severe neuralgic pains often last for months.

For some elderly people, shingles is a severe, long-lasting affair, causing a great deal of suffering, taxing the patience, and presenting a real problem of medical care. This, unfortunately, is not uncommon.

Herpes often develops with or immediately after acute infections like pneumonia or meningitis. It can come in epidemics or without any cause which can be identified. It is caused by a virus.

Shingles has a curious relationship with chickenpox, which is also caused by a virus. Small epidemics of herpes have developed at the same time as epidemics of chickenpox, and there seems good reason to believe that a person can develop chickenpox from contact with shingles and the other way around.

MANY TREATMENTS USED

Many kind sof treatment have been used for shingles with greater or lesser degrees of success. Among the more recent methods is the use of X-rays.

When herpes appears on the forehead, it can move down into the eye and this can be a most serious and painful condition. Some antibiotics may turn out to be of real value in treatment, especially if given early in the course of the disease.

In long-lasting nerve pain following shingles, nerve surgery may offer the only means of bringing relief. Those who have neuralgia after an actue attack are in a bad way.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Most significant part of President Eisenhower's statement after the New York-New Jersey election defeats was that the United States didn't want to go back to 1892.

Prior to that press conference, the President had done some reading of history. And obviously he was impressed with certain possible parallels between his own administration and that of another Republican president, Benjamin Harrison, who defeated Grover Cleveland in 1888 then was swept out of office just four years later by Grover Cleveland and Adlai Stevenson, senior.

What happened during those four years of Republican rule makes highly interesting reading. No wonder Ike remembered it. Harrison became king of the spoilsmen, changed 31,000 out of 55,000 postmasters, was the darling of the industrialists, passed the McKinley high tariff act. Meanwhile farmers stormed at the big business policies of the new administration.

Two years after taking office, resentment against the Republicans was so great that the Democrats carried the house of representatives by an overwhelming majority. Two years later—1892—the Republicans were thrown out of Washington completely.

That was the history Ike has been reading. That was why he told newsmen he thought the Republican party would have to recapture the independent, semi-Democratic voter.

STRADDLING TWO ELEPHANTS

Close friends say that more than ever the President now realizes the division inside the Republican party; that he has the choice of siding with the extreme right wing, the isolationists, the high-tariffites, the low taxers and budget-balancers; or siding with the liberal, non-isolationist wing in favor of aid to Europe, high taxes, a certain amount of farm subsidies.

"The trouble with Ike," remarked one Republican friend, "is that he's been like the chorous girl who proposed to Dr. Einstein. 'With your brains and my beauty,' she said, 'think what children we could have.'

"'But,' replied Einstein, 'suppose they had my looks and your brains.'

"Ike has been trying to please both wings of the Republican party," concluded his friend. "The result is he's pleased neither. His product has had Eisenhower's looks and the chorus girl's brains. Now he's got to choose one side or the other."

BANKERS' POLICIES

The difficulty Ike will have in deserting the 1892 wing of the Republican party and winning back the independent, pro-Democratic voters is indicated by a recent conversation that took place in Chicago.

Randolph Burgess, the National City Bank official now in the Treasury to handle the public debt, was in Chicago to confer with the bankers regarding the amount of interest to be charged on the next issue of government bonds.

The Treasury under able Secretary George Humphrey has followed a different policy from Henry Morgenthau and John Snyder. They fixed their own interest rates, let the bankers yell if they didn't like it. The bankers had to come to Washington, no one went to them.

But Secretary Humphrey, head of the Mark Hanna Company, founded by the famous backer of William McKinley and the high-tariff policies built up in 1892, feels differently. He has set interest rates that have been a boon to bankers.

And while Burgess was in Chicago conferring over these interest rates, the bankers complained that they were not represented in the Treasury regarding debt management. The New York bankers were represented through Burgess and the National City Bank, they pointed out, but not Chicago. So Burgess promptly picked David M. Kennedy of the Continental Illinois Trust Co., and a few days later swore him in as an assistant to the Secretary of the Treasury.

Kennedy's appointment will not be subject to confirmation by the senate. Unlike Charles E. Wilson of General Motors, he is not selling his stock in Continental Trust, so is being appointed to a special advisory position. Yet, his influence will be tremendous on the economic life of the nation. He will be in the same category as Randolph Burgess, who is also in a special appointment category and who has not given up his pension wit hthe National City Bank.

This is bound to cause sparks in the senate next January. Seantors Kerr of Oklahoma and Douglas of Illinois have already protested this procedure, pointing out that bankers have no right to be above the law, and that the big bankers who now control management of the public debt have increased interest rates for the benefit of their own banks against the benefit of the taxpayers.

Senator Byrd of Virginia has also protested against the Treasury's system of letting $6 to $8 billion of government money remain in private banks without drawing interest. In other words, the banks get free use of Uncle Sam's money, while the banks in turn charge interest to the government on money they loan Uncle Sam. The National City Bank and the Continental Illinois Trust, the two banks in which Burgess and Kennedy are not giving up their connections, are among those getting free use of government funds.

Dependence on the advice of big bankers is one problem Ike faces if he is to woo independent voters and get away from 1892.

Into The Past

10 YEARS AGO

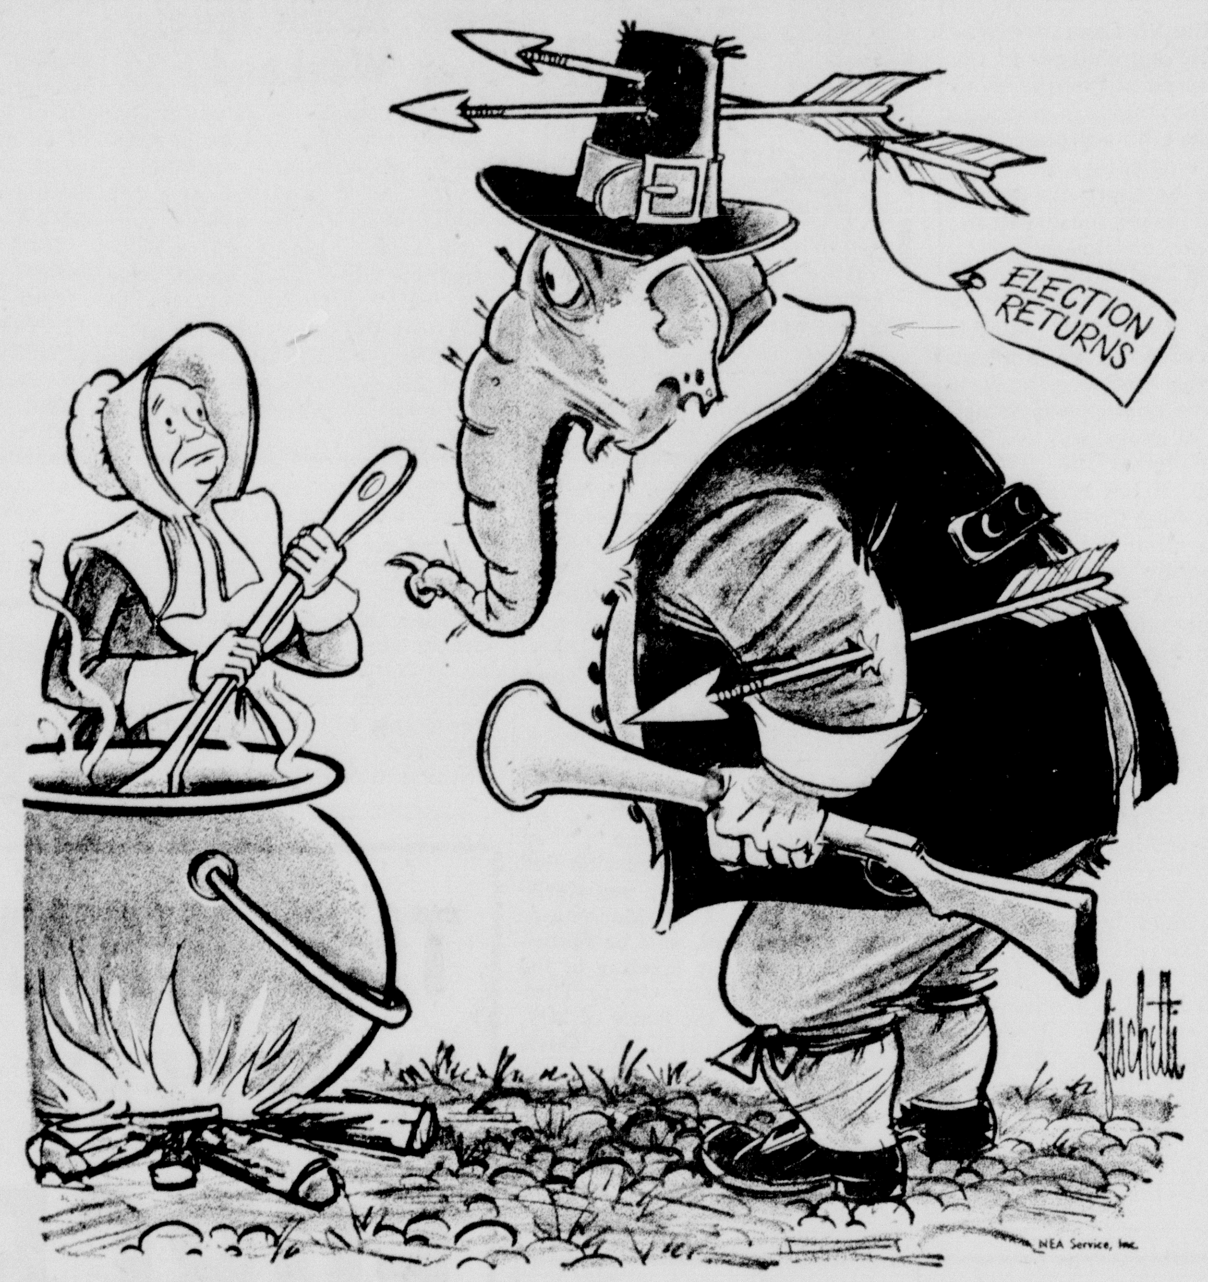
Escanaba—One of the worst storms in years is raging on Lake Michigan. Shipping has been halted and several boats have sought shelter in the local port until the wind dies down.

20 YEARS AGO

Manistique — The Schoolcraft county board has adopted a resolution requesting the state highway department not to reroute Highway US-2 from Cooks by way of Thompson and lake shore.

Escanaba—Probate Judge Frank J. Mileski has gone to Lansing to request that a state orthopedic surgeon be located in the Upper Peninsula to treat crippled children.

"Did I Get the Bird? Well, Yes and No"



Church Fights Too In Indochina; Rebellion Is Mixed Up Mess

By FRED SPARKS
NEA Staff Correspondent

HANOI, Indo-China—(NEA)—A war, with two definite sides, is easier to report than a revolution. And an Oriental revolt, spiced with guerrilla actions and needled by foreigners, is as simple to explain as the best recipe for bird's nest soup.

For example: All medicine is severely rationed. It is not in short supply. But Communist agents—even in French strongholds like Hanoi—would buy such items and smuggle them to Red troops.

Then there is the extreme necessity for security. French families who have employed the same servants for 20 years do not trust them.

In a situation paralleling the Mau Mau revolt in Kenya, countless servants have tipped off Red terrorists to the movement of their bosses, who died as a well-pitched grenade exploded.

* * *

When Frenchmen in fortified country stockades decide to week-end in town, they don't even pack a bag. They just take off. Filling a valise would give the chambermaid a clue. She might signal guerrillas who would pump lead at the auto at a cross-roads.

French and loyal Indo-Chinese soldiers are constantly cautioned that loose words about troop shifts — particularly at saloons with strange pretties—can be the words chiseled on their tombstones.

The Catholic Church is playing an important anti-Communist role in the most fighting way since the Crusades. I have been visiting Buichu province where I saw priests recruiting young men and churches bristling with machine guns.

Catholicism is the religion of one-fourth the area (there are few Protestants) When Communists attack stockades the priests are on the ramparts and the World War II song could be played: "Praise the Lord and Pass the Ammunition."

* * *

For a while the Bishop of Buichu, Pham-Ngoc-Chi, was commanding general. He armed defenders during the period when Allied troops, engaged elsewhere could not offer protection.

Today, with loyal Indo-Chinese in the area, the Bishop is merely the spiritual leader but he still signs on boys for the Catholic battalions.

During Buichu province's low point, guerrillas made it impossible to hold services in all but seven of the 500 churches. Priests were beaten or killed. Children attending Sunday School were treated by Communist youth groups with the awful brutality of the young. Now 150 churches are open.

Recently, the tiny town of Quan Phong was liberated by Catholic forces. The next Sunday the priest returned for the first Mass in two years.

* * *

The scene was biblical. As the priest neared the town, crossing rice paddies and thin, slippery bamboo bridges, the entire congregation was there to greet him and receive his blessing in an open field.

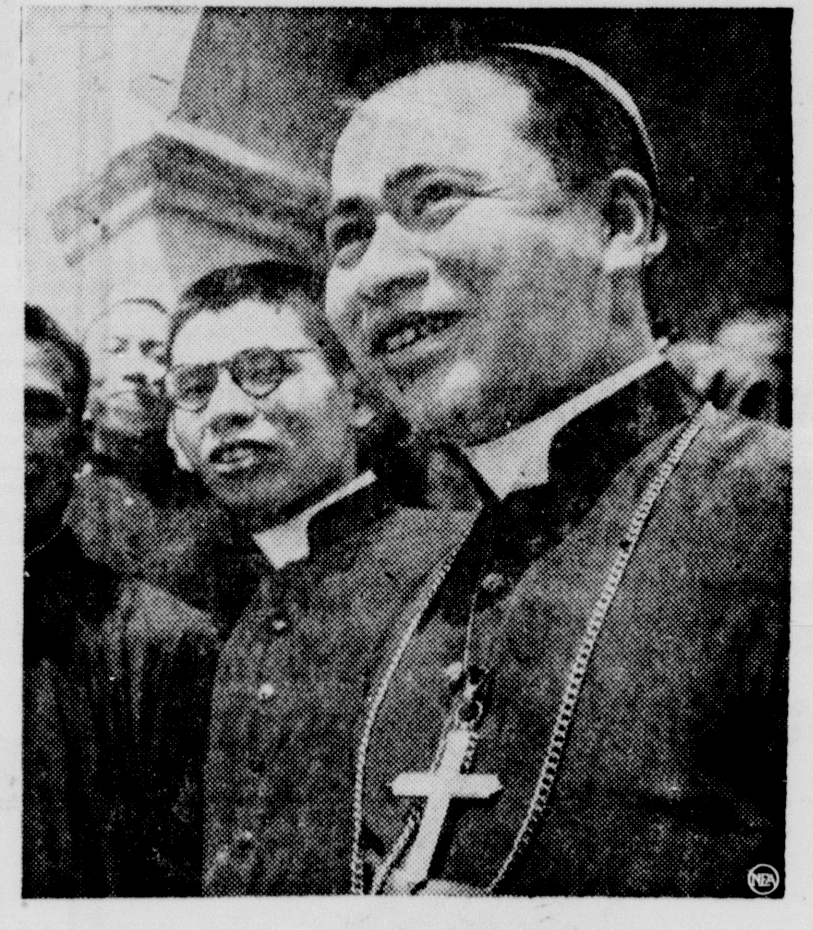
Some of the sacramentals, hidden in a graveyard, were shoveled up as women wept and the children's choir chanted a hymn.

Because there are loyal Indo-Chinese in almost every hamlet, including those long occupied by Reds, airbombing as a total weapon is restricted. In Korea, anything north of the 38th parallel was fair game.

Troops invading Communist towns must be on their best Boy Scout behavior. This is indeed hard when buddies have been shot down in the assault.

Unfortunately, the go-easy policy is hard to enforce, as with any combat troops. Field soldiers can hardly resist collecting chickens and other items to supplement tinned rations. If the chickens are taken from a friendly Indo-Chinese he might apply, next day, for membership in the Soviet Oriental League.

The reporter assigned to explain the working of the H-Bomb in 500 words has an easier assignment than the correspondent charged with simplifying Indo - China's rebellion, where the man who shakes your hand at lunch might stab your back at dinner.



(Exclusive NEA Photo by Fred Sparks)
BISHOP OF BUICHU, Pham-Ngoc-Chi, stands with some of his priests who lead anti-Red fight in North Indo-China.

(Exclusive NEA Photo by Fred Sparks)
RELAXING FROM WAR, young Indo-Chinese priests play volley ball on grounds of one of 150 churches reopened in crusade.

So They Say

For over 20 years Communist infiltration in high places in government was easy. It's a little different now but that doesn't mean the Communists have quit.—Sen Joseph McCarthy.

* * *

Some influences are now at work inside Russia that might make her more amenable to an agreement or international control (of atomic energy).—Sen. Clinton P. Anderson (D., N. M.)

We (the steel union) are not asking a free ride from anyone. We want some kind of arrangement so that on their idle days our members will not be on bread lines.— Otis Brubaker, United Steelworkers' economist.

* * *

If the U. S. has sufficient atomatic power for military uses we should announce that fact to the world.—Sen. Ralph E. Flanders, (R., Vt.)

Good Evening . . .

By CLINT DUNATHAN

ARMISTICE DAY—Day after tomorrow (Nov. 11) is Armistice Day, the day the Yanks licked the Kaiser, knocked the H out of the Hun, and were ready to come marching home again from Over There.

Flashbacks in history are usually tedious for the young but carry a nostalgic pleasure for those old enough to remember the event. So this column is dedicated to those who recall Nov. 11, 1918 and let the youngsters read about World War II if they wish.

Where were you on Armistice Day? Perhaps you were celebrating somewhere overseas, or dancing in the streets here at home while the factory whistles blew and the bells rang out their message that the war was ended and peace had come.

Or perhaps, as was I, you were in school, one of the observers and not a participant in the celebration, being too young for military service.

* * *

SAFE FOR DEMOCRACY—The armistice became effective at 11 a m. Monday, Nov. 11, 1918. The war that began in July, 1914, was ended with a world exhausted.

But the world had been made safe for democracy and the war to end wars had been won.

The Kaiser had abdicated the German throne and had fled to the Netherlands the day before the armistice became effective. The reign of Wilhelm II, the great conqueror with the fierce mustache and a withered arm, was ended.

And so people in America wept and sang. But most of Europe was devastated and exhausted. There would be years of work ahead, work and hunger and disappointment.

The League of Nations would be formed and would fall, Germany would rise again and be crushed again, and out of the ashes of the world that had been made safe for democracy would come another hope—the United Nations.

* * *

THE LITTLE KNITTERS—My recollection of World War I was encompassed by a small series of apparently unrelated experiences.

The children in school, both boys and girls, devoted 15 minutes each day to knitting washcloths. Why washcloths I do not know, except that they were small and square and you could finish one before the war ended.

Why this was considered adequate contribution to the cause of national defense remains a mystery. Certainly a wool washcloth must have been scratchy.

Perhaps someone, unknown to the school children, knitted all the woolen squares together and they became neck mufflers, horse blankets, or even nets in which to trap the Boche submarines that prowled the North Sea.

Some of those knitted squares were open enough in weave and sufficiently irregular in stitches to create the illusion of homespun manufactured by mental defectives in Ye Old Craft Shoppe.

* * *

WINNING THE WAR—Another school activity in the cause of winning the war was singing patriotic songs.

With enthusiasm for the rhythm we sang that the Yanks were coming and it would soon "be over over there." The Kaiser, a fearsome creature indeed in our imaginations, would be slaughtered, we were sure, with the same righteous nonchalance exhibited by St. George when he lanced the dragon.

Two girls in our room in school had sufficiently mastered their alto and soprano that they combined their voices in a duet to sing "Johnny Get Your Gun," with determined accompaniment by the piano teacher.

They also sang "K-k-ka-t-ty" with the staccato effect of a machine gun and the absorbed attention required of unsure harmony. Once the alto trailed and didn't catch up with the soprano until she was "w-aiting a-at t-the k-k-k-kitchen door."

We had little plays and pageants and we did something, now lost to memory, for the Red Cross. Although not taught in school, we learned to call the enemy a variety of names, including Hun, Kraut, Boche, and to be suspicious of Mr. and Mrs. Herman Sweitzer. The kids said the Sweitzer's son was "went back to Germany to fight for the Kaiser."

* * *

TEACHER GOES TO WAR—Our Sixth grade teacher was a young man, Dan Haye, who looked and was, I suppose, a typical red-blooded American boy.

He went away to war in the spring of 1918 and I remember how shocked we were and how fascinated. Overnight he had become our hero.

And when his last day came in school and he shook hands with us as we went out the girls averted their faces or sobbed openly. The boys all had lumps in their throats—and so did young Mr. Haye.

But Mr. Hayes never got ovrseas. They kept him in camp somewhere "over here" as an instructor. He came home, married, fathered several children and went into barbering to support them. Teachers weren't well paid in those days, either.

Armistice day, Nov. 11, 1918, is long past. What do you remember about Armistice Day?

'Be Your Age' Here Thursday

A cast of six talented actors and actresses will be presented in the New York Civic Drama Guild's production of "Be Your Age," sponsored by the Escanaba Lions Club, at the William Oliver auditorium Thursday, Nov. 12.

The play is the second in the series of the 1953 season. The final play will be "Mr. Roberts," to be presented Dec. 10.

Tickets for the two remaining plays can be purchased at Gust Asp's or from any member of the Escanaba Lions Club.

"Be Your Age" is a comedy drama.

The cast includes Gilbert Reade, William Guhl, Paula Sharry, Joan Kaufman, Arthur Wayne and Claude Watson.

Reade has distinguished himself in tage, radio and television. He has been featured in leading roles in many plays in stock and on Broadway, including Katherine Cornell's production of "Antony and Cleopatra," "Laura," "Angel Street" and others. Last year he played the role of "Michael" in the Civic Drama Guild's "Jenny Kissed Me."

William Guhl recently finished a 26 week radio assignment in the CBS soap opera, "Young Dr. Malone."

Paula Sharry played a supporting role to Ruth Gordon in the Broadway cast of "Years Ago." In television she has appeared with "Studio One" and "I Remember Mama."

Arthur Wayne recently returned from Hollywood where he played in the Columbia picture, "Layola," soon to be released.

Joan Kaufman is on her first road tour. She is a recent graduate of the American Academy of Dramatic Arts. Her professional experience has been in summer theatre.

Claude Watson is a graduate of the University of Texas. He played in the Broadway production of "Life With Father."

Rock

ROCK — Funeral services for Mrs. Saima Ruokola were held at 1:30 p.m. Friday at the Finnish Lutheran church in Rock with the Rev. Amos Marin of Gwinn officiating.

The Ladies Choir sang two hymns in the Finnish language. They were assisted by Mrs. Ollila and Mrs. John Koski of Negaunee and accompanied by Mrs. Amos Marin.

Pallbearers were John Enberg, Sander Hakki, Wester Bjorn, Henry Koivisto, David Haapio, and Erick Helenius.

Out-of-town people attending the services were Peter Ruokola, Renton, Wash., Jack Luomanni, Waukegan, Ill., Mr. and Mrs. Casper Ruokola and family, Mrs. Matt Koski, Mrs. Andrew Ruhkola, Mrs. Mabel Huhtala, Mrs. John Tanila, Mr. and Mrs. Sam Nurmi, Mrs. Ed Ollila, Mrs. Selma Viljanen, Mrs. John Koski, Mrs. Albert Larson and Mrs. Olga Leppanen, all of Negaunee.

Briefs

ROCK—George Kulack, principal of Rock High school attended the secondary schools and college agrement meeting at Northern Michigan College of Education in Marquette Friday. He also attended the principal and freshman conference, at which he met with Rock High School students who are enrolled as freshmen at the college for the purpose of discussing ways to improve the curriculum in high school to prepare a student for college.

John Reuther, Chicago, spent Saturday in Rock on business. Clarence Lusardi accompanied him to Chicago Saturday night to drive one of Mr. Reuther's trucks to Rock from Chicago.

The eighth grade played host to the seventh grade at the dance held Thursday night at the Rock High School. Music was on record. The dance was under the supervision of Pete Tinsley, eighth grade advisor. Next Thursday the seventh grade will play host to the eighth grade. George Kulack is the seventh grade advisor. Students will bring refreshments for the evening.

Pvt. Denis Michael Harju, son of Mrs. John Koski of Negaunee is receiving his basic training at Ft. Leonard Wood, Mo. He is formerly from Rock and is well known here.

Mrs. Robert Weingartner returned home from the St. Francis hospital on Thursday with her infant daughter, Carol Lee, who was born Oct. 31.

About a block of sidewalk has been repaired in front of the Rock High school by the Maple Ridge Township Board.

The girls on the Rock High School basketball team went to Gladstone Thursday for their physical examinations. They were accompanied by Miss Lois Hilleren, girls physical instructor. Boys who had not taken physicals for football, also took their physicals at this time.

The dramatics class of the Rock High School will attend a play to be presented by the Little Theatre Guild at Escanaba on Thursday. They will be accompanied by Miss Lois Murker.

Oscar Niemi was admitted to the St. Francis hospital Tuesday.

Mrs. Peter Kujala returned home Sunday after spending several weeks in St. Lukes hospital in Marquette as a surgical patient.

Manistique Twp. School District Votes New School

MANISTIQUE — The Manistique Township school district in a special election Saturday, Nov. 7, approved two proposals to create a sinking fund for construction of a new school.

The first proposal was: Should the total tax rate limitation assessed in Manistique Township be raised five mills for 5 periods during the years 1953 to 1957 to create a sinking fund for new school building. It passed by a vote of 57 yes, 44 no.

Proposal two was: Should Manistique Township levy five mills to create sinking fund for construction of a school. This issue, voted upon only by taxpayers, received a vote of 57-yes, 4-no.

One hundred and two votes were cast of a possible 300 registered voters, Secretary Hubble reported.

Presently there are four wooden schools, built at the turn of the century, serving Manistique Township. The construction of the new school building will not begin for four years.

North Korean Food Situation Bad

TOKYO (AP)—The food situation in North Korea is so bad that in some cases the Communists have waived all taxes for some hungry peasants and told them they do not have to repay seed loans. This was disclosed in a recent Peiping broadcast, which quoted a dispatch from Pyongyang, the North Korean capital.

"The crops reaped by some peasants even fell short of their own needs," the broadcast said.

FIRST TEA PARTY

First Revolutionary tea party in America was held in Edenton, N. C., on Oct. 25, 1774, when ladies of the town, sipping a brew of raspberry leaves, pledged not to buy any tea bearing the odious stamp tax.

Briefly Told

School Board—Wells Township School Board will hold a regular meeting Tuesday, Nov. 10, at 8 p. m. at the Wells School.

* * *

VFW Meets Tonight—There will be a regular meeting of the VFW tonight at 8 in the clubrooms, 1305 Ludington St.

* * *

Marriage License — John Gaus, Gladstone Rte. 1, and Leona Johnson, 1008 2nd Ave., N., have applied for a marriage license in the ofice of the county clerk.

* * *

Soo Hill Men's Club—Plans for building a skating rink will be discussed when the Soo Hill Men's Club holds its first meeting of the season Tuesday night at 8 in the Soo Hill School.

* * *

Motorists Ticketed — Escanaba police have issued traffic violation tickets to the following motorists: Richard Bryson, 313 N. 11th St., following too closely; Clare Brunet, 505 S. 17th St., disobeying stop sign.

* * *

First Annual Banquet—Knights of Columbus Council 640 is sponsoring its first annual K. of C. mother-daughter banquet Tuesday, Nov. 10, at 6:30 at the K. of C. Hall. St Joseph's Glee Club will entertain while officers and members serve the guests.

* * *

Legion Dinner Speaker — Judge Edward Fenlon of Petosky will be the featured speaker at the Armistice Day dinner of Cloverland Post 82, Cmdr. William E. Butler said this morning. Judge Fenlon is presiding over Circuit Court in Delta County this week. The dinner will be Wednesday night at 6:30 in the Legion clubrooms.

* * *

Headlighter Shoots Cow—Perley Way of Cornell reported Sunday to the sheriff's department that a person, apparently trying to headlight deer, shot one of Way's cows in the shoulder Friday night. The cow had to be killed Sheriff's men and conservation men went this morning to the Danforth butcher shop where the carcass had been taken, and found the headlighter had used a rifle bullet.

TUNING IN A HEART — Johnny Bujam's heart is being "broadcast" through an electro-phono cardiograph machine to anxious listeners, Janet Cahill, 9, and members of the Chicago, Ill., Variety Club. The organization donated the machine to the medical staff of the La Rabiada Jackson Park Sanitarium.

Sportsmen Plan Red Shirt Night

Highlighting preparations for the deer hunting season opening on next Sunday will be the Red Shirt Night meeting of the Delta County Sportsmen's Club at 7:30 Wednesday evening in Carpenters' Hall. All attending are expected to be attired in hunting clothes.

Important on the agenda of the business session will be plans for the club venison feed scheduled for December. Committee reports and the start of the 1954 membership campaign will also occupy the sportsmen.

The meeting will wind up with a lunch and the presentation of some outdoor movies.

Although it is believed that dry land often has been depressed to form deep oceans, there is little evidence to show that deep ocean beds ever have been elevated to form land.

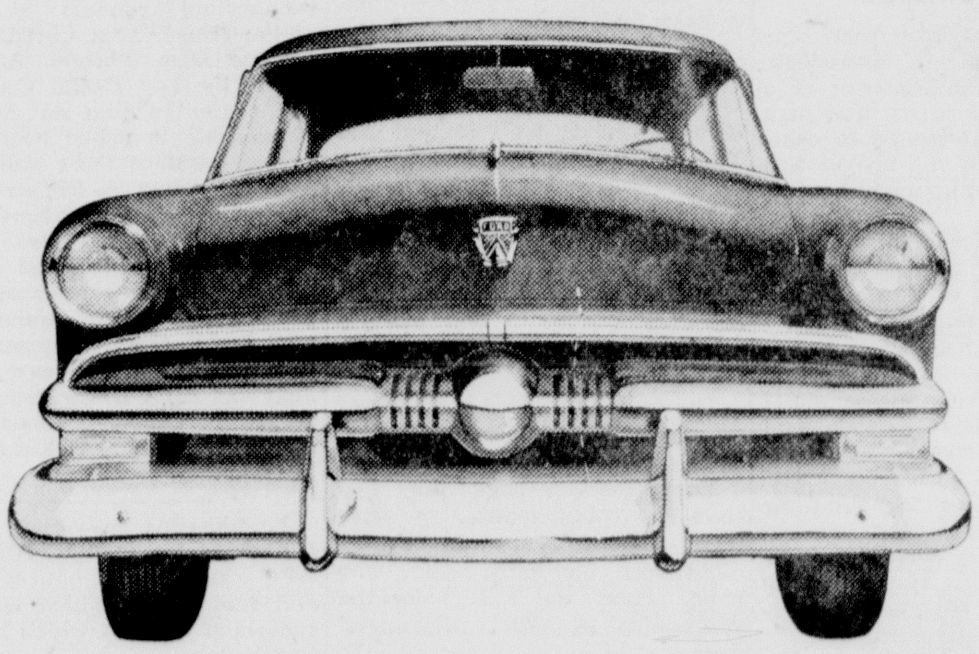
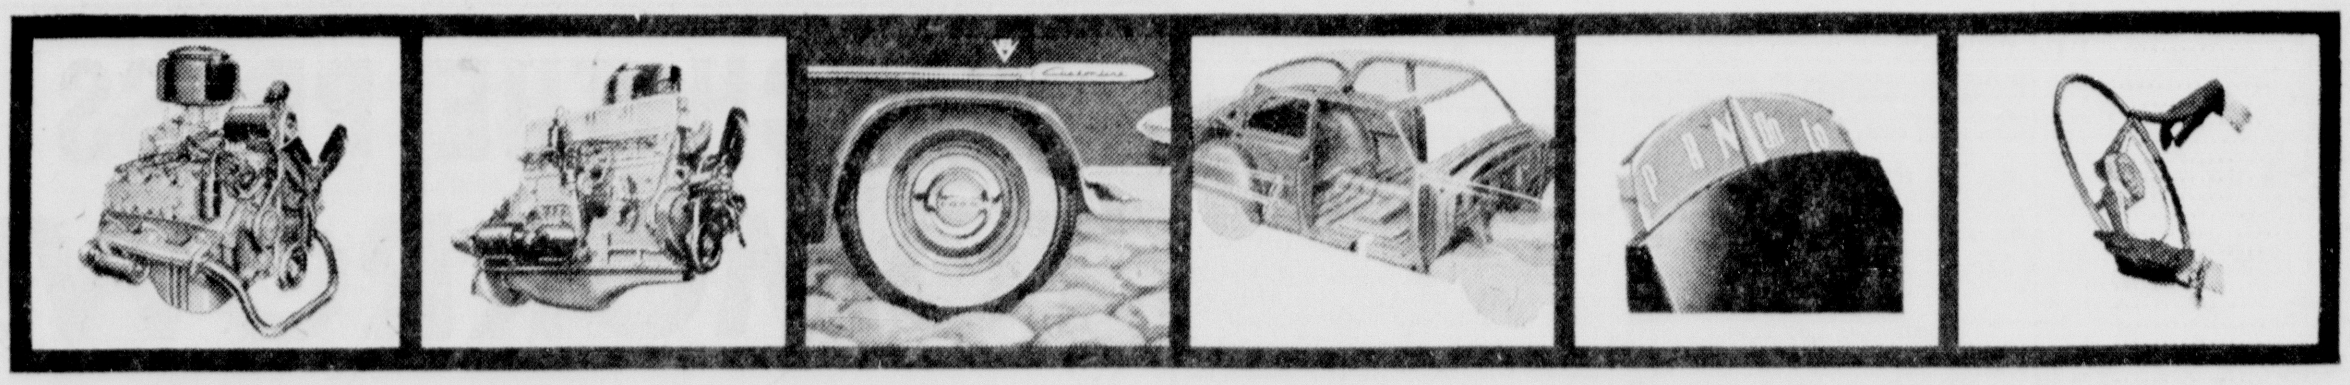
Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!



OVER A MILLION OWNERS can't be wrong! Ford is the one *fine* car in the low-price field. It gives you the "Go," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.



Lowest-priced V-8 in America! And the *only* V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it beat all other cars entered in 1953 Mobilgas Economy Run.

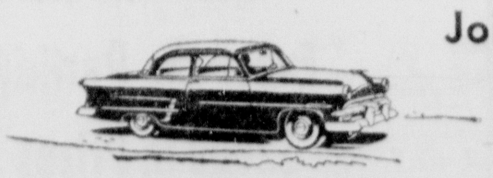
Smoother Ride, with front end road shock reduced up to 80%, is another of Ford's big-car features . . . and you get it without gas-eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in the costliest cars. And Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field to offer the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering—that's Ford Master-Guide. It does up to 75% of the steering work yet retains the normal steering "feel" on the straightaways.

Join the swing to



FORD . . . take a Test Drive today!

Mitchell To Back Stevenson Again

WASHINGTON (AP)—Stephen A. Mitchell says he intends to step out as chairman of the Democratic National Committee in plenty of time to work for Adlai E. Stevenson for the party's 1956 presidential nomination.

The party chairman, he said on a CBS television program Sunday, should be neutral among various aspirants for the nomination, and 'I'll be partisan." Stevenson selected Mitchell for the post after winning the 1952 presidential nomination.

Mitchell said he intends to serve through next year's campaign for control of Congress, but that if the Democrats wanta new chairman before then, "I'm awfully easy to get rid of."

Rock River Township High School Groups Elect Officers

CHATHAM—Rock River Township High School class officers elected at recent organizational meetings held at the high school are announced by Leslie J. Latvala, principal, as follows:

Seniors—Pat Revord, president; Mary Zbacnik, vice president; Eleanor Mannisto, secretary; Nina Hallstrom, treasurer; Mary Zbacnik, Bruce Williams and Shirley Wiitanen, student council; Miss Lahit, class advisor.

Juniors—William Hakkola, president; Victoria Hill, vice president; Joan Vartti, secretary; Nancy Matero, treasurer; Victoria Hill, Carolyn Johnson and Joan Martin, student council; Mrs. Little, class advisor.

Sophomores—Rolland Kauppila, president; Ruth Anderson, vice president; Joyce Anderson, secre- Ruth Anderson, Bob Bell and Gene tary; Barbara Vartti, treasurer; Arthur, student council; Mrs. Latvala, class advisor.

Freshman — Eleanor Keskimaki, president; Betty Frey, vice president; Verna Maki, secretary; Pat Ruuska, treasurer; Betty Frey, Carol Multila, and Luane Hautamaki, student council; Mr. Babler, class advisor.

Eighth Grade — John Kallio, president; Marie Multila, secretary; Dennis Hautamaki, treasurer; Edwin Korpi, Phyllis Haavisto and Janet Anderson, student council; Mr. Kaurinen, class advisor.

Russian Food Low

WASHINGTON (AP)—Chancellor Konrad Adenauer of West Germany says Russia "faces the threat of really big internal troubles" because she has one-third less food per inhabitant than in 1928. This threat is one factor that might some day lead to a more reasonable Russian attitude toward negotiations, Adenauer said in a copyrighted interview in the magazine U. S. News & World report.

COME AND GET IT, IT'S FREE — Once a year citizens of Rome, Italy, trek to the nearby township of Marino for free wine. Carrabinieri stand around to guard against any disorders. The crowd surges forward to the huge wooden bottle which is full of wine at the start of the festival.

Transmission Plant Of GM Disrupted By Fire At Willow Run

DETROIT (AP)—A short-lived but potentially dangerous fire disrupted operations at General Motors' hydramatic transmission division Sunday night.

The blaze broke out in the heat treat department of the division's recently leased quarters in the Kanser Motor Corp.'s Willow Run plant. It was the second time in three months that fire has struck the GM hydramatic transmission division.

Company officials said the fire started near a number of cyanide tanks in the heat treating department. When streams of cold water from the plant's fire-fighting equipment poured on the tanks, they exploded, spreading flames throughout much of the plant.

A night force of 1,200 workers was sent home, but company officials said the midnight shift reported on schedule.

One person was hospitalized for treatment of smoke inhalation. Three others received first aid treatment for injuries suffered in fighting the blaze.

Less than three months ago, a disastrous fire destroyed GM's transmission plant in Livonia, Mich. Four persons were killed.

Transmission production was transferred to the Kaiser Willow Run plant. The first transmissions rolled off assembly lines there last week.

Fatal Accidents Tied To Weather

(By The Associated Press)

Winter drove its way across the state this weekend, bringing wind-driven snow and rain to Michigan and surrounding lakes. There were at least 21 accidental deaths, most of them tied to the weather.

Eighteen were killed in traffic, one drowned, one man was shot while hunting and another died of burns.

John Joseph Ješky, 37, of Detroit drowned in the St. Clair River. His body was found Sunday, and the search continued today for at least four others, feared drowned in rough waters.

Two Van Dyke brothers, Green Baker Jr., 24, and Paul D. Baker, 28, were killed near Richmond Saturday when their car skidded into a tree.

Five persons were injuerd fatally in the wreckage of six cars on a backwoods Ogemaw County road Friday night. Seven others were injured.

Two cars collided at first, then four other cars piled into the wreckage.

The dead were Eugene Klemmer, 22 and Darold Rabidue, 17, both of West Branch, Dorothy Blair, 14, of Rose City, James Turland, 40, of Selkirk, and Elda Thompson, 17 of Rose City.

Russian Submarines Seen As Sea Menace

TOYKO (AP) — Adm. Robert C. Carney, U. S chief of naval operations, said today Russia has been steadily building up her naval power throughout the world and, in event of war, Soviet submarines could give the American fleet "serious trouble."

But he said he believes the United States would maintain control of the seas despite probable losses from Russian subs.

He reaffirmed at a news conference that the U. S. Navy has the capability of delivering the atomic bomb in the Far East.

Chicago Prices

Salable sheep 2,000; prime wooled lambs $18.00 to $19.50; utility to low-good lambs $14.00 to $17.00; culls $8.00 to $13.00; cull to choice slaughter ewes $4.50 to $6.00.

Baseball Not Subject To Anti-Trust Laws, Supreme Court Rules

WASHINGTON (AP)—The Supreme Court today ruled professional baseball is still only a sport and hence is not subject to federal anti-trust laws.

The court's decision was given on three appeals attacking the much-discussed player "reserve clause," keystone of organized baseball.

The appeals had asked the court to overturn a 1922 unanimous decision delivered by Justice Holmes that baseball is a sport, not a business.

The decision was announced in a per curiam opinion—that is, one not signed by by any members of the court.

It said the tribunal was upholding the Holmes' decision of 1922 "so far as that decision determines that Congress had no intention of including the business of baseball within the scope of the federal anti-trust laws."

Was Too Scared To Summon Help

OWEN SOUND, Ont. (AP)—Night telegraph operator at the railway station here, Norman Scott, froze at his key in the early morning hours when he discovered he had a visitor. Scott didn't move a muscle while an inquisitive skunk gave the place a thorough inspection, then departed without incident.

Wall Street

NEW YORK (AP)—Railroads and movies provided most of strength and a good part of the activity today in a mixed stock market.

Almost all changes were fractional but some losses went to around a point at the outside.

Trading maintained a rate of about 1½ million shares for the entire day. Friday's total came to 1,700,000 shares.

Motors were unchanged to lower as a group, and in that same class were oils, coppers, air lines, aircrafts, and radio-televisions. Utilities were steady. Others were narrowly mixed.

Higher stocks included Santa Fe, Southern Pacific, Paramount Pictures, American Telephone, General Electric, U. S. Steel, and Republic Steel.

Lowere were Standard Oil (NJ), Pan American World Airways, Kennecott Copper, Du Pont, Westinghouse Electric, Douglas Aircraft, and Zenith Radio.

U. S. government securities were steady

Swat Is Asian Oasis Of Peace

WASHINGTON — One of troubled Asia's nearest approaches to Utopia is the peaceful little picture-postcard land of Swat, which has a surplus of food, 100 per cent employment, a balanced budget, and virtually no crime — except jaywalking.

Swat State is 1,800 square miles of hills, mountains and fertile valleys between the Indus and Swat Rivers, adjoining Pakistan's Northwest Frontier Province, says the National Geographic Society. Its sovereign, known as the "Wali of Swat," governs half a million people, members of the Yuzuf Zia tribe.

Horn-Of-Plenty

Almost all Swatis are farmers. Tribesmen till the fields only three hours a day, from 8 until 11 a. m., to allow all citizens an opportunity to work. On 160,000 acres of irrigated and terraced land they raise wheat, maize, fruit, watermelons and vegetables. Crop production has increased fivefold in the last 20 years. Excess wheat is shipped to Pakistan.

Taxes are low and are collected in produce. With an annual national income of almost $2 million, Swat's government has built 400 miles of new roads leading to every part of the state.

Other federal enterprises include establishment and operation of a modern hospital and hotel. Free education is provided for 16,000 students in 56 schools. A college is nearing completion.

Swat is an independent realm, with only its foreign affairs, defense and communications controlled by Pakistan. The Wali and his fiveman cabinet govern by age-old tribal laws. One modern touch is provided by a recently installed telephone system: each morning the Wali confers by phone with tribal chiefs in major villages.

Law-Abiding Citizenry

Family feuds occur in Swat but robbery and other major crimes are unknown. Although it is a Muslim country, Swat also has about 4,000 Hindus and Sikhs, largely of the merchant class. No communal trouble has ever developed.

Jaywalking appears to be Swat's most serious problem. Unlike other parts of the East, Swat compels pedestrians to walk to the side of the road. Offenders are sternly punished: they are forced to run by the roadside at top speed until they drop from exhaustion.

Swat is so isolated that only a handful of vacationers have discovered it. Encircled by 20,000-foot-high peaks, the little land has an average altitude and cilmate similar to that of Colorado. Its cold, turbulent rivers fed by glaciers abound in mahseer, a tasty, firm-fleshed fish. A wide variety of animal life provides excellent hunting.

Saidu, a settlement of less than 3,000 people, is the nation's capital. The valley surrounding it is a fertile field for archeologists with dozens of unexcavated Buddhist ruins awaiting exploration.

Mossadegh Defiant At Treason Trial; Threatens Suicide

TEHRAN, Iran (AP)—Angry ex-dictator Mohammed Mossadegh, challenging the competence of a military tribunal to try him as a traitor, today threatened to commit suicide, fired his lawyer and warned the court he might boycott future sessions.

Clad in his customary pajamas, the 73-year-old former Premier told the court he would not appeal any sentence it might mete out.

"I will not accept any forgiveness. I will stay in this prison until I die. If you release me, I will commit suicide as soon as I get hold of the means," he shouted.

"I am not going to attend the coming sessions even if you cut off my head," he declared at the climax of a heated argument with Gen. Nasrollah Moghbeli, chairman of the five-man tribunal.

PLAN TO STREAMLINE AGRICULTURE DEPT.—Organizational chart above shows the Department of Agriculture line-up under Secretary Benson's proposed plan to streamline the agency on a more business-like, efficient and decentralized basis. The new plan puts all service agencies under the four main groups shown with names in white, plus present Administrative Services groups.

Texas Builds Resort On Sunlit Gulf Isle

WASHINGTON — Padre Island, with its legends of cannibals, cattlemen and conquistadors' gold, hopes for a vacationland future as colorful as its past.

The sunbaked sandbar streaches 110 miles down the Texas coast from Corpus Christi to the Rio Grande, says the National Geographic Society. Until recently, it afforded few comforts to the hardy vacationists who liked to roam its dunes.

Now there are ambitious plans for developing the north and south ends of pencil-thin Padre, In the north, Nueces County has built a causeway across the narrow Laguna Madre that separates isle and mainland. Three parks as well as other recreational facilities are being developed. At the southern tip, Cameron County is completing another causeway and plans additional parks.

Good Surf And Fishing

Among Padre Island's assets are miles of beach with fine surf, excellent fishing and a mild ,subtropical climate. A wealth of bird life gives the island added interest.

Once the home of cannibalistic Indians, Padre is named for Fr. Nicholas Balli, who held title to the island's 340,000 acres and operated a ranch. The ships of La Salle, John Hawkins and Francis Drake passed the long island, frequented in later times by pirate Jean Lafitte. Troops under Generals Zachary Taylor and Phil Sheridan found Padre's beaches the best route down the Texas coast in Mexican and Civil War days.

Traditions of buried pirate loot and shipwrecked gold have kept Padre Island's treasure seekers hopeful. Occasionally old coins are found, but beachcombers' prizes are more often curiously shaped and weathered driftwood or handsome seashells.

Salvage, Ranching Paid

Once salvage was a lucrative business on Padre, graveyard of many shops. Some salvagers reportedly were not averse to luring vessels aground with deceiving beacon lights.

Ranchers, who could swim and wade their cattle to mainland markets across the shallow sound, made stock raising another profitable business. Nourishing grasses as well as scrub trees grow on the dunes, and fresh rain water may be found by scooping shallow wells. Patrick Dunn, the self-styled "Duke of Padre Island," called it the "best cow ranch in the world. "Another successful rancher there was John V. Singer, brother of the sewing machine inventor.

Sitter, 17, Gives Up Kidnaped Baby After 2-Day Hike

(Continued From Page One)

until he's grown and then I'm going to get him back."

The baby apparently suffered no ill effects from the two days and nights of travel.

A physician checked the baby soon after it was brought to Durant and said he was in perfect physical condition.

Bundled In Blanket

The baby was wrapped warmly in a blanket for the trip by Mrs. Doughty.

Wilbur Martin, Associated Press staff writer who is at Durant said the baby woke up this morning smiling, gurgling and cooing.

At her arraignment, Mrs. Doughty was neatly dressed in a grey print dress. She wore a bright red coat with sports shoes but no hose. Her short, black hair appeared to have just had a permanent wave.

Mrs. Doughty's arrest occurred only a few hours after she arrived at her father's home. For two days she had traveled with the baby through four states.

James C. Ellsworth, agent in charge of the FBI in Oklahoma, said Mrs. Doughty said she saw Richard Lee for the first time last Thursday.

Parents Take Plane

Mrs. Stammer was stunned when told at Evansville that the baby and his abductor had been found. "We can just be thankful he's okay," she said. "I was awfully bitter against her, but not too bitter now."

The couple accepted the offer of an automobile dealer, Ed Mooney, to pay their plane fare here.

The Stammers said they had gone to bed but hadn't slept since their baby disappeared Friday night with the baby sitter, who lived across the hall from the apartment of Mrs. Stammers' mother.

Soo Hill

PTA Meeting

SOO HILL — The PTA of the Soo Hill School will hold its regular meeting Wednesday at 8 p. m. at the school. Mrs. Christian Riegel and Miss Phoebe Anderson, RN of the Lay Health Committee will present a film on the home relationship to public health. Following the film there will be an open discussion on the services of the public health department.

Birthday Party

Joan Allard celebrated her 5th birthday Saturday afternoon at a party given by her mother, Mrs. Levi Allard. Children present were, Gerrie DeSautel, Delores Frappier, Judy and Patsy Dieter, Susan Meyers, Norbert Randall, Linda Allard, Judy Bender, Mary Allard and Bella Owen.

Broadcasting networks of the United States include NBC, and ABC which include both television and radio, MBS which is purely radio and Dumont which is purely television.

Dean Says U. S. Is Wise To Reds

WASHINGTON (AP) —Maj. Gen. William Dean says the Korean War seems to have given Americans "a bigger comprehension of what communism is, but we still have a great deal to learn."

Dean, who spent nearly three years in Communist prisoner camps in Korea, said on an NBC television program Sunday the United States should not seek to persuade prisoners who have elected to stay with the Reds to return home.

"We should tell those individuals what they can expect there but we should not make an emotional appeal for their return," he said. "If we have nothing to offer—let them stay."

A 30-ton humpback whale will produce about seven tons of oil.

OUR NEW TREATMENT OFFERED FOR RELIEF OF NASAL CONGESTION ASSOCIATED WITH HEAD COLDS, WHICH MAY CAUSE SYMPTOMS OF
SINUS TROUBLE,
ASTHMA, HAY FEVER.

Thousands have received amazing, fast relief with this sensational, new treatment, from symptoms of hay fever, asthma, sinus headaches, pressure in forehead, soreness in eyes, cheek bones, top of head, back of head and down neck, when caused by nasal congestion. Write for 7 DAY FREE TRIAL, POSTPAID, no cost or obligation to try it except; it is agreed you will mail it back, postpaid at end of trial period if not amazed with results. American Laboratories, Lodi, California.

New Names Coined For School Buildings

GREENVILLE, S. C. (AP)—"Cafetorium" and "gymntorium" are words coined by the boom in school construction.

"Cafetorium?" That's a cafeteria that can be used as the school auditorium between meals.

"Gymntorium" is easy. That's a convertible gymnasium-auditorium.

Women's Activities

Travelogue At St. Anne's Shower Wednesday Night

A travelogue, "West of the Rockies," will be presented by J. L Temby at the shower for St. Anne's Sisters which will be held Wednesday, Nov. 11, at 7:30 p. m., at the new church hall under the sponsorship of St. Anne's Social Club.

The travelogue will be illustrated by colored slides taken of the Bad Lands and Black Hills in South Dakota, the Grand Teton and Yellowstone National Parks in Wyoming and Glacier National Park in Montana.

Lunch will be served following the program.

Chairman for the evening is Mrs. L. R. Bowden, and assisting chairman is Mrs. Eugene Auger. On the hostess committee are Mrs. Albert Cloutier, Mrs. Paul Brazeau, Mrs. John Martell, Mrs. Charles Toushak, Mrs. Edward LeClair and Mrs. Robert Snow.

All members of the parish are requested to be present. All donations will be greatly appreciated.

A short business meeting of the Social Club will be held at 7:30 p. m., in advance of the shower. Presidents and treasurers of the group activities are asked to contact Mrs. G. E. Christie after the pictures are shown.

Personals

Mrs. Rose Chouinard, 1112 2nd Ave. N., and Mrs. Regina Germain, 209 N. 11th St., left today for Milwaukee where they will visit with relatives for a week.

Mrs. John Hanna and three sons, David, Philip and Danny, who have been residing at Gladstone, today left for Fresno, Calif., where they will join Mr. Hanna and another son, Roderick. The Hannas will make their home there permanently.

Mrs. William Arnold and Mrs. Susan Sterlinske of Ripon, Wis., returned to their homes today after visiting over the weekend at the home of Mrs. Arnold's mother, Mrs. Elizabeth Thompson, 1323 Ludington St.

Pfc. Kenneth Tousignant returned today to Camp Pendleton, Calif., after spending the past three days visiting at the home of his parents, Mr. and Mrs. Tom Tousignant at Schaffer.

Mrs. Matilda Ortquist, superintendent of the Old People's Swedish Home at Evanston, returned there today after visiting over the weekend at the Myron, O. Goodman home, 1222 Michigan Ave., and at the Lorraine Murphy home, 802 Michigan Ave., Gladstone.

Mrs. Dorothy Mileski today returned to Milwaukee after visiting with her mother, Mrs. Julia Mileski, 319 S. 9th St., over the weekend.

Dr. and Mrs. E. M. Hirn and son, David, of 1121 5th Ave. S., and two other sons, Ronald of Milwaukee and William of North Muskegon, and Mrs. G. C. Bartley, 1109 5th Ave. So., have returned from Minneapolis where they attended the wedding of A2/c Raymond Hirn to Miss Marys Jean Braaten.

Frank Mileski, son of Mrs. Julia Mileski, 319 S. 9th St., and Ernest Dart, son of Mr. and Mrs. Ernest Dart, 321 S. 9th St., both enlistees in the U. S. Air Force, left today for Milwaukee where they will take entrance examinations. Upon passing these examinations, they will be sent to a basic training center.

Miss Pearl Frost, dean of elementary girls at Mooseheart School, Mooseheart, Ill., is the guest of Miss Florence Ladd at the Burt L. King home, 412 S. 7th St. Miss Frost, Miss Ladd and Miss Georgianna King are spending the day at Blaney Park.

David H. Gilbert Fraternity Pledge

David H. Gilbert, son of Mr. and Mrs. A. M. Gilbert of 1301 Stephenson Ave., has been pledged to Tau Kappa Epsilon fraternity on the Albion campus. David is a freshman at Albion.

Rapid River

RAPID RIVER— The Royal Neighbors of America will meet Tuesday evening at the home of Mrs. Maria Lindberg.

Mrs. Art Hassel is a patient at St. Vincent's Hospital in Green Bay. She submitted to surgery Tuesday. Her condition is favorable.

Rube Boyer is a surgical patient at St. Vincent's Hospital in Green Bay.

Glen Hamilton, Marinette, spent Thursday and Friday here on business.

The Home Economics Club was well represented at the fall rally held at the Bethany Lutheran church in Escanaba. Those attending were Mrs. Robert Hamilton, Mrs. Leslie Hamilton, Mrs. P. A. Peterson, Mrs. Ned Short, Mrs. Herman Stenlund, Mrs. Lloyd Stenlund, Mrs. Kurt Soderberg, Mrs. Wilbur Johnson, Mrs. Herb Olson, Mrs. Harry Johnson and Mrs. Walter Peters.

CHAMPIONS THE SECOND CONSECUTIVE YEAR in the Upper Peninsula Open Pair Tournament are Mr. and Mrs. B. M. Howe of Escanaba, pictured here at the opening session. Their opponents at the time were Mrs. Herbert W. Lundmark and Mrs. J. S. Sword of Gladstone. The 18th annual tournament sponsored by the Delta Bridge League, was held Saturday evening and Sunday afternoon at the Elks Club in Escanaba under the direction of J. L. Temby. (Daily Press Photo)

B. M. Howes Of Escanaba Retain Bridge Championship

Mr. and Mrs. B. M. Howe of Escanaba successfully defended their championship in the 18th annual Upper Peninsula Open Pair Tournament sponsored by the Delta Bridge League during the weekend at the Elks Club in Escanaba. The winners will retain possession of the Escanaba Daily Press traveling trophy for another year and also were awarded individual trophies for permament possession.

Miss Irene Scanlan and Mrs. Clyde Tennis of Green Bay finished in second position and were awarded individual trophies for permanent possession.

Master Points

The winners and runners - up will receive master points which are to be mailed directly from the American Contract Bridge League home office in New York. Other players, finishing in the higher positions, will receive fractional master points.

The outcome of the tournament which was one of the most successful in recent years was in doubt until the last board was scored, checked and rechecked. The lead changed hands at least a dozen times during the contest and never at any time did either of the two top pairs have anything that resembled a safe lead.

A smorgasbord was served at the close of the final session Sunday afternoon.

The tournament was under the direction of J. L. Temby.

Opening Play

Pairs scoring 50 per cent or over in the Saturday evening session were:

1. Miss Irene Scanlan and Mrs. Clyde Tennis .62412
2. Mr. and Mrs. B. M. Howe, .58916
3. Mrs. William Fredrick and F. A. Mc Cullough .56439
4. Mr. and Mrs. H. J. Weller .55875

5-6. (Tie) Mrs. H. Davidson and Mrs. E. L. Derby .55113
5-6. (Tie) Mrs. E. A. Christie and Mrs. Rose Louis .55113
7-8. (Tie) Mr. and Mrs. Rollie Haff .54926
7-8. (Tie) Mr. and Mrs. G. E. Dehlin .54926

9. Mrs. E. Schuster and Mrs. W. Nejedlo .53322
10. Mrs. Altha Mahs-Pat Bolger and C. W. Murdock .52972
11. Mr. and Mrs. K. M. Carmack .52462
12. Mr. and Mrs. J. W. Ferguson .51309

Final Scores

Pairs scoring an average of 50 per cent or over for both sessions were:

1. Mr. and Mrs. B. M. Howe .5953
2. Miss Irene Scanlan and Mrs. Clyde Tennis .5895
3. Mr. and Mrs. H. J. Weller .5692
4. Mr. and Mrs. Rollie Haff .5644
5. Mr. and Mrs. J. W. Ferguson .5539
6. Mrs. H. Davidson and Mrs. E. L. Derby .5323
7. Mrs. William Fredrick and F. A. Mc Cullough .5321
8. Mrs. E. A. Christie and Mrs. Rose Louis .5320
9. Mrs. Ed Schuster and Mrs. W. Nejedlo .5185
10. Mr. and Mrs. K. M. Carmack .5176
11. Mr. and Mrs. G. E. Dehlin .5129
12. Miss K. Kelly and Mrs. Gordon Sensiba .5076
13. Mrs. Margaret Schilling and Ray Quady .5069
14. Mrs. H. Phillips and G. O. Douglass .5030
15. Mrs. Alta Mahs and Pat Bolger, .5011
16. Mrs. Anna Kraus and Mrs. J. L. Temby .5000.

Entries

The tournament entries included:

Minocqua — Mrs. Margaret Schilling and Ray Quady; J. G. Broomell and Dr. G. W. Huber; Mrs. Altha Mahs and Pat Bolger; Mr. and Mrs. Rollie Haff; Mrs. Wm. Fredrick and F. A. McCullough.

Green Bay—Mrs H. Phillips and G. O. Douglass (Indianapolis); Mrs. A. F. Martin and Mrs. Wm. Turner; Mrs. Ed Schuster, and Mrs. W. Nejdlo; Miss K. Kelly and Mrs. Gordon Sensiba; Miss Irene Scanlan and Mrs. Clyde Tennis.

Mrs. W. John Anthony, Deanery president will preside at the meeting. The Rt. Rev. Msgr. Martin B. Melican, spiritual moderator of the Escanaba Deanery, will offer the opening prayer. Annual reports will be presented by the treasurer, Mrs. Alfred LaBranche and the secretary, Mrs. Clarence Moreau.

Parish presidents reporting on their Deanery projects will be: Mrs. D. J. VanEnkevort, St. George Church, Bark River; Mrs. L. L. Leveille, St. Mary Magdeline, Cooks; Mrs. Arthur Brien, St. Patrick's, Mrs. Henry Bonna, St. Joseph's, Mrs. George Peterson, St. Anne's, and Mrs. Robert Trottier, St. Thomas the Apostle, Escanaba; Mrs. L. J. Hillewaert, All Saints, Gladstone; Mrs. William Kefauver, St. Francis de Sales, Manistique; Mrs. Henry Sargent, St. Andrew's, Nahma; Mrs. Hector Beauchamp, Holy Family, Flat Rock; Mrs. Doris Farley, St. John the Baptist, Garden Mrs. Joseph LaFleur, Sacred Heart, Schaffer; Mrs. James Anderson, St. Anthony's, Wells; Mrs. Elmer Dahn, St. Joseph, Perkins; and Mrs Agnes Lind, St. Charles, Rapid River.

Pogram Reports

The Escanaba Deanery chairmen will summarize their programs. They are: Mrs. James G. Degnan, organization and development; Mrs. Leo Brunelle, libraries and literature; Miss Nell Fleming, Cause of Bishop Baraga; Miss Nettie DeVet, Cooperating with Confraternity; Miss Lenora Fyan, Lay Retreat; Mrs. G. E. Christie, Mass Crusade and Daily Rosary; Mrs. William R. LeMire, Publicity; Mrs. L. P. Treiber, Delegate at Large.

The. Rev. Joseph J. Dunleavy of Bark River, Diocesan Moderator of the M.D.C.C.W. will conduct an interesting and informal panel on Catholic Action in the Family. Participating in this discussion will be: Mrs. William McClintock, Trenary, Diocesan chairman, Cooperating with Confraternity; Mrs. John Root, past president of the M. D. C. C. W., Mrs. Jay Niver, Diocesan chairman of Lay Retreat and Mrs. Stack Smith, Past Deanery president.

Election of Officers

The nominating committee will present the new slate of officers. Mrs. Harold Weber is chairman assisted by Mrs. Alphonsus Sendenburgh and Mrs. Marshall Dupuie.

The concluding prayer and spiritual advice will be given by Monsignor Melican.

Tea will be served in the new school of St. Thomas the Apostle with Mrs. Robert Trottier and members of the Saint Thomas Guild and Mrs. James Anderson and members of the St. Anthony's Guild of Wells as co-hostesses.

Holiday Formal Chairmen To Meet With Arni Dunathan

Arni Dunathan, who has been appointed general chairman of the annual Holiday Formal, has called a meeting of committee chairmen to be held at his home, 620 S. 12th St., Tuesday evening, to draw up rules, select a date and appoint committees.

Chairmen of Escanaba Senior High School are Bill LeMire, Barbara Anderson, Jim Bolm, Keith Molin and Geraldine Ambeau.

St. Joseph's High School representatives are Mary Manning, Pat Rooney and Stan Venne.

County Starts Graveling Road

Schoolcraft County Road Commission Saturday began laying gravel on the 5-mile road between the Green School and Inland quarry, Supt. Albert Ackerman reports.

The road commission plans to dump 10,000 to 12,000 yards of gravel on the roadbed during the next week or so, and next year the surface will be blacktopped.

Some difficulty was encountered by road crews Saturday in loading gravel stockpiled at the quarry because the outside of the pile has frozen. Twenty trucks are hauling gravel for the project and two shovels are used to load them.

A new type gravel spreader patented by Paul Miller, contractor who blacktopped M-94 after World War II, is being used. Miller used the new device for the first time, and further developed it, on M-94, Ackerman noted.

The spreader, rented from a St. Ignace contractor, is equipped with two airplane wheels which guide it, and is designed to spread gravel at uniform thickness. The county is putting a 5-inch gravel layer over the newly rebuilt roadbed.

Inland Lime and Stone Company has already completed graveling 3/8 mile of the same road, County Road 604, on its property, the superintendent said.

Schoolcraft County Road Commission also is making plans and surveys for repairing old U.S.-2 to Cooks, but this work will not be started until the Green School road is completed, Ackerman stated.

Briefly Told

Speeding — James F. LaLonde of Manistique paid fine and costs of $10 in justice court Saturday for speeding.

* * *

National Guard — No drill will be held at the National Guard Armory next Monday, Nov. 16 because of hunting season, Capt. E. J. Doyle announced today.

* * *

Prayer Circle — The Prayer Circle of the First Methodist Church will meet Tuesday at 7:30 p. m. at the Frank Pavlot home, 143 N. Maple Ave.

* * *

Neighborhood Group — The Neighborhood Group of the Home Demonstration Council will meet Wednesday at 1:30 p. m. at the home of Mrs. Sig Anderson, W. Elk St.

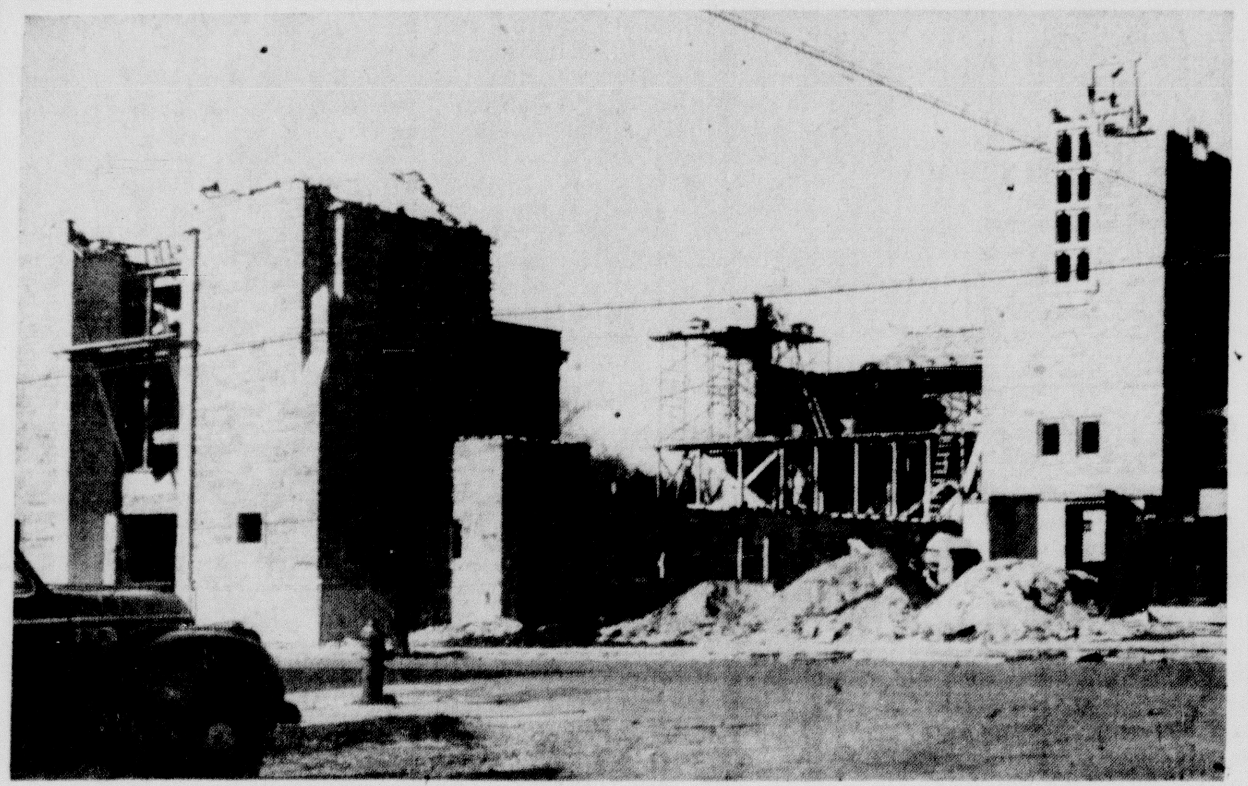
* * *

Handy Hands — The Handy Hands Extension Club will meet Wednesday at 7:30 p. m. at the home of Mrs. William Arnold, 124 N. 2nd St. The Christmas lesson will be given.

* * *

Autopsy — An autopsy was held here Friday in Kefauver - Jackson Funeral Home to determine cause of the death of Lawrence Hickman, 19, of Battle Creek. Hickman was injured in an auto accident Nov. 3 on the Jamestown Slough Rd., and died Thursday night at Schoolcraft Memorial Hospital. Tissue obtained in the autopsy has been forwarded to the state hospital at Powers and final determination of the cause of death will be made after reports are received here from Powers.

California ranks first in national forests with more than 25 million acres, says the National Geographic Society. Idaho, Alaska, Montana and Oregon follow in that order.



CONSTRUCTION OF the new $350,000 St. Francis de Sales Catholic church is proceeding according to schedule. Work was started in June and it is hoped to complete the exterior work before winter. The new church will seat 650. A rectory also is being constructed. Baker Construction Company of Green Bay is building the church and the architects are Foeller, Schober, Berners, Safford and Jahn of Green Bay. (Daily Press Photo)

Highway Crews Ready For Snow

Schoolcraft County is well-prepared for the arrival of snow and icy weather, road commission superintendent Albert Ackerman said today.

The commission's equipment, he said, is in A-1 shape and is "all-set" to be used for coming bad weather.

The road commission keeps four truck plows, two plows on drag trucks and a power grader at Seney, Ackerman noted, and one plow for each of the townships at Manistique.

Also at Manistique and ready for the storms are three truck plows for the use on trunklines, three underbody scrapers, and a bank-puller and snow-go device.

No new equipment will be purchased this year, the superintendent said.

Chloride for icy roads has already arrived and 80 tons will be kept in readiness at Seney and 100 tons at Manistique. Due to arrive shortly are 40 tons of salt, used to "cut" thin ice layers on pavement. The commission has 20 tons of salt left from last year.

The commission also utilizes large quantities of sand in combatting icy roadway. Last year 3,000 yards were used at Seney and Manistique.

Crews have already been out with sanders, Ackerman said, following the storm Wednesday.

"We expect the bad weather anytime now, and we're ready," the road superintendent observed.

Canines Prefer Women Wrestlers

HUNTINGTON, W. Va. (AP) — Senor Pancho Villa and Regina Noclocta Panchita are television fans. They're also dogs—Chihuahuas.

Mrs. Frank M. Warren said Pancho and Noclocta "like the fights and wrestling matches." She added: "They like the women wrestlers best. When the fights get rough they get excited and sometimes will jump down from their chair and bark at the fighters."

City Briefs

Mrs. Sherman Dewey was dismissed Friday night from Schoolcraft Memorial hospital where she received medical treatment for three days.

Mrs. Harold Snyder was dismissed Friday from Schoolcraft Memorial hospital where she received surgical treatment.

Miss Marilyn Baker of Battle Creek, who was injured in an auto accident here Nov. 3, has been dismissed from Schoolcraft Memorial Hospital and returned to her home.

Mr. and Mrs. Sig Anderson and Mr. and Mrs. Ernest Anderson spent the weekend in Milwaukee, Wis., visiting the Anderson's daughter, Marlene.

Mrs. Hildora Hood has returned to her home in Chicago after visiting here with friends and relatives.

Mrs. Vilas Young attended a luncheon meeting at the Northland Hotel, in Marquette Saturday. She accompanied Mrs. Lillie Masterson, of Ludington, Mrs. Helen Milan, of Detroit and Mrs. David Beacon, of Pickford.

Miss Ruth and Joyce Martinson, Miss Eloise Anderson and Donald Helton, of Bethel College, St. Paul, Minn., spent the weekend here with Mr. and Mrs. Ragnar Carlson, 110 S. Mackinac. They also attended the Northern Michigan-Bethel College football game at Marquette on Saturday.

Many of the early settlers in Nova Scotia were Scots and the inhabitants of Cape Breton Island, a part of Nova Scotia, often still speak Gaelic and keep alive the tradition of the Highland Games.

'Forget-Me-Not' Day Slated Here

"Now is the Time When Gratitude Means Something" is the slogan which has been selected for the Disabled American Veterans Forget-Me-Not Days in Manistique, Nov. 13 and 14, Comdr. Roy Janes of DAV Chapter 26 here announced today.

The slogan sums up the reasons and aims of the DAV campaign, Comdr. Janes noted, "in words that will inspire every citizen."

The Forget-Me-Not has been the official blue flower of remembrance for the DAV since it was founded 30 years ago. The organization is dedicated to aiding disabled veterans.

Comdr. Janes states that all funds raised during the campaign Friday and Saturday will be used to aid disabled veterans in this area.

He pointed out that the Schoolcraft Chapter also helps wartime handicapped persons obtain adequate compensation and pension, as well as hospitalization and employment.

"To wear one of these flowers on Forget-Me-Not Day is an indication that the citizen has not forgotten the men and women who came back with wartime handicaps and injuries. It expresses gratitude in a concrete way," Janes stated.

CARD OF THANKS

I wish to thank my many friends for the cards and flowers sent me while a patient at St. Francis Hospital, the hospital staff for the wonderful care I received, the city employes for their lovely gift, the ambulance service and person who graciously gave Mrs. Moran rides to the hospital. I will long remember these kindnesses.

Signed:
Mr. Fred Moran

Welcome Signs Going Up Here

Signs extending a welcome to hunters and noting that Manistique invites new industry were distributed today by the Top O' Lake Chamber of Commerce.

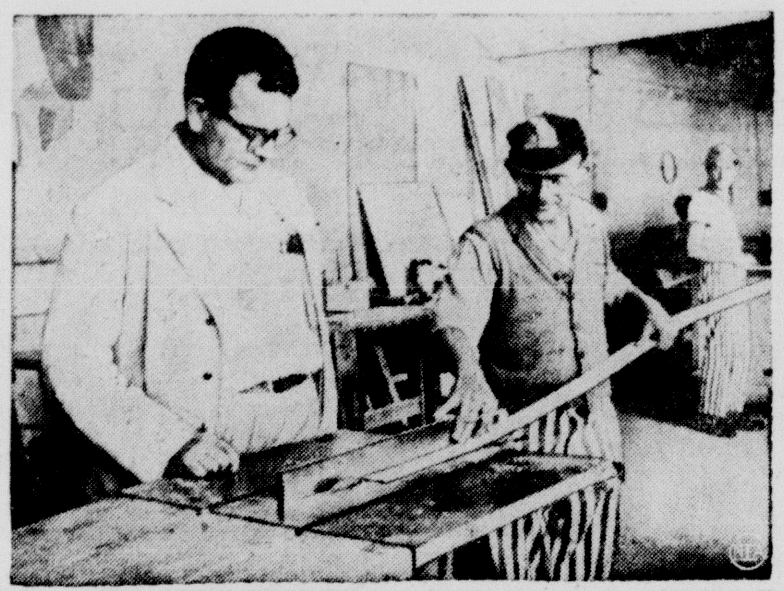
The welcome signs will be displayed in gas stations, hotels and motels, tourist court and cabin facilities, department and grocery stores, banks, taverns, restaudants and other places of business, Fred D Heltman, Chamber of Commerce secretary, states.

"The Michigan Department of Economic Development, Lansing, in cooperation with the Upper Peninsula Development Bureau at Marquette, is stressing the importance of telling the thousands of deer hunters coming from the Lower Peninsula of the many advantages offered industry in this area," Heltman explained.

The Chamber of Commerce is cooperating in the "missionary" work by producing the window streamers, and hopes to "catch the eye or ear of industrialists desiring an Upper Peninsula location," he noted.

"This isn't the first time we've tried using streamers to attract industrialists," Heltman said.

"It is known from past experience that industrialists have been attracted through programs of this type," the C. of C. secretary added.



JAIL SAFER THAN FREEDOM?—You may not recognize him, but the man at the left is Jacques Monard, who is serving a 20-year prison sentence for the murder of Leon Trotsky, the Bolshevik leader. An excellent machinist, Monard instructs prisoners in the "Black Castle of Lecumberri," Mexico's federal penitentiary. He will soon be eligible to be considered for parole, but he may not apply since his life is threatened by vengeance-seeking Trotskyites and Stalinists, who fear he might talk and reveal accomplices who participated in the assassination.

Guardsmen Sell Slogan Plates

Company G of the 107th Engineers Corps of the Michigan National Guard, in Manistique, to date has sold about 200 luminous plates on which the slogan, "Manistique, Mich., We Like It Here" is inscribed, Capt. E. J. Doyle said today.

The slogan plates are in blue and yellow, the same colors as the 1954 auto plates. The guard is selling these to raise funds for dishes, silverware and athletic equipment for the armory.

All 49 Guardsmen here have purchased one of the plates, and each also is selling them.

The Top O'Lake Chamber of Commerce uses the slogan too.

Manistique Upset 14-7 By Negaunee In Grid Windup

Soo Beats Ishpeming To Win League Crown

NEGAUNEE—Power-running Gale Harry charged the Manistique Emeralds right out of the Great Lakes Conference championship here Saturday afternoon as he led the Negaunee Miners to a 14-7 victory in the 1953 grid finale.

Manistique's loss combined with Sault Ste. Marie's 21-13 victory over Ishpeming gave the Soo Blue Devils the GL conference crown. Both games played Saturday were make-ups of previously postponed games.

Harry put on a one-man show for the chilled fans who huddled in the stands in near-freezing weather. The big Negaunee tailback rammed for 148 yards from scrimmage on 36 trips with the ball. He scored the first Negaunee touchdown and plunged for both the extra points. On defense he shifted to a tackle in the line and filled a big hole. In addition to his running, Harry punted once and caught one pass for the Miners.

Holm Manistique Star

While Harry was the whole show for Negaunee, Manistique's Bill Holm was a standout for the losers. The leading scorer in the conference, Holm scored Manistique's lone touchdown and plunged for the point-after. He carried the ball 20 times for 101 yards.

The fired-up Miners dominated play through most of the game. Their total yardage of 243, of which 46 came on four pass completions in four attempts, bettered Manistique's 196-yard effort. Negaunee recovered two Manistique fumbles and intercepted one pass.

After threatening the first time they got the ball, Negaunee played to a 0-0 standoff in the first period. Manistique caught fire early in the second period and a 48-yard pass play from Holm to Francis Laurion helped the Emeralds in a drive to the Negaunee nine-yard line.

Miners Score First

But midway in the period, Negaunee's Harju recovered a fumble by Holm at midfield and the Miners drove to the goal line with Harry carrying the ball nine times. He scored on a three-yard plunge through the middle of the line. His buck for the point gave Negaunee a 7-0 lead with 39 seconds remaining in the half.

Manistique battled back in the third period and took the second half kickoff back across the midfield stripe before punting into the end zone. Negaunee drove back into Manistique territory and surrendered on downs on the Emerald 28.

With Holm engineering a 72 yard march, Manistique tied the score at 7-7 seconds before the end of the third period. Holm hit fullback Don Anderson with a 10-yard aerial to get the drive started. He rambled 19 yards around end and Anderson added 12 through tackle to put the ball on the Negaunee 28 from where Holme sped over the center of the line, evaded the Negaunee secondary and scored standing up.

Negaunee marched back to the Manistique 24 in the opening minutes of the final period. Manistique took over on downs and punted to the Negaunee 49.

Score Winning TD

It took the Miners just four plays to score the winning touchdown. Harry piled through the line for 12 yards and Lee Johnson carried for 11. Harry was dropped for a five-yard loss by Manistique's Ed Busch and Johnson fired a perfect running pass to David Kangas who gathered the ball into his arms and shrugged off two tacklers to score on a 33-yard play. Harry plunged over to make it 14-7.

A Don Tiglas pass to Laurion gained 15 yards, Darryl Bertrand plunged for five and Tiglas fired to Jim Swartstrom for 13 yards to get the Emeralds out of a hole as the final minute ticked off. But four straight passes failed and the Miners took over for one play before time ran out.

Final Great Lakes standings:

PLAY AT GARDEN—The Texas Cowgirls, outstanding girl basketball team, will play a doubleheader at Garden on Friday, Nov. 13. Dempsey Hovland's famed girls will play at 1 p. m. and 8 p. m. against a crew of former players from the Garden area. The preliminary for the night game, starting at 7, will pit the Garden and Cooks Junior High School teams.

Unbeaten Teams Fall In Pro Cage League

(By The Associated Press)

The weekend activity in the National Basketball Association took its toll with the result that there isn't an unbeaten team left in the league today.

Rochester, the Western Division leader, tasted defeat for the first time last night, bowing convincingly to Syracuse 85-66. On Saturday the New York Knicks absorbed their first setback at the hands of Minneapolis, and Fort Wayne, in losing to Rochester, also toppled from the unbeaten ranks.

In other games yesterday the Knicks, who head the Eastern section, got back on the winning trail with a 75-70 victory over Fort Wayne and Philadelphia tripped Baltimore 85-75 for the Bullets' fifth straight setback.

Syracuse had little difficulty subduing Rochester. After jumping off to an 18-16 first period advantage the Nats pulled away steadily. Bill Gabor clicked for 23 points to top the Syracuse attack and Arnie Risen was high for the Royals with 16.

The Knicks, in capturing their fourth victory in five starts, built up a 34-30 halftime edge over Fort Wayne. The Pistons surged ahead midway in the third stanza before New York regained the lead for good. Harry Gallatin and Swetwater Clifton paced the winners with 17 and 16 points, respectively.

Neil Johnston, last season's scoring champion, collected 23 points to spark Philadelphia to an easy triumph over the Bullets. The Warriors assumed an early lead and coasted the rest of the way.

End Gordy Soltau Again Beats Rams

By BEN OLAN

NEW YORK (AP) — Unless they meet San Francisco in a post-season playoff for the Western Conference title, the Los Angeles Rams won't be seeing 49er end Gordy Soltau again this National Football League season—and it'll be just fine with them.

Soltau, former Minnesota star, grabbed off a 17-yard Y. A. Tittle aerial in the end zone yesterday with a little more than a minute left to give San Francisco a 31-27 victory over the Rams. The result left both teams and the Detroit Lions locked in a 5-2 tie for the divisional lead.

Second Such Performance

This wasn't the first time this year that Soltau rammed defeat down the Rams' throats. On Oct. 4, he booted a 17-yard field goal with six seconds remaining for a 31-30 San Francisco win.

While the Western half's big three feverishly were battling for position, the mighty Cleveland Browns continued to power their way past all opposition. They held a 2½-game lead in the circuit's eastern conference today after yesterday's 34-16 triumph over the Pittsburgh Steelers. The Browns need take only three of their remaining five tilts to insure another divisional championship. They pace San Francisco in the big game on next Sunday's schedule.

Eagles Blast Giants

In other games yesterday, the Philadelphia Eagles roared to a 30-7 win over the New York Giants, the Washington Redskins came with a fourth-quarter rush to down the winless Chicago Cardinals 28-17 and the Chicago Bears and Green Bay Packers battled to a 21-21 tie. Detroit whipped Baltimore Colts 17-7 Saturday night.

Soltau's heroics climaxed an uphill battle for San Francisco. Just five minutes before the final gun it appeared the Rams had pulled the game out of the fire. Halfback Paul (Tank) Younger rambled 39 yards on a pitchout down the sidelines to put the Rams in front 27-24.

Tittle outpassed Norm Van Brocklin, the Los Angeles ace. The 49er pitching wizard completed 18 out of 32 tosses, including three for touchdowns. Van Brocklin completed only 9 out of 19, one for a score.

Browns Trailed By 14

Cleveland, which appears to be toying with the competition these days, was down 16 points at one point in the second period but, sparked by Ray Renfro, they put on a 24-point scoring spree before the first half ended and added 10 more in the final quarters.

Bobby Thomason gave one of the league's best passing performances in Philadelphia's one-sided triumph over New York. He completed 22 of 44 for 437 yards and four touchdowns.

Little Eddie LeBaron, Washington's ball-handling star, came back after suffering severe bruises in the opening quarter to direct the 'Skins two tallies in the fourth quarter which left the Cardinals with a dismal 0-7 record.

Commissioner For Pro Golf Proposed To PGA

DETROIT (AP)—Professional golf is going to get a czar, similar to baseball's—if the PGA takes the advice of its advisory committee.

The Professional Golfers Association's executive committee will consider the recommendation later this week. President Horton Smith is on record as favoring a commissioner of pro golf.

The advisory committee's recommendation came shortly after it had elected Chicago's George S. May as chairman to succeed comedian Bob Hope.

One Man Proposal

"Our committee," May said in a statement, "strangely urges that one man be given the power to make and enforce all decisions involving PGA tournament players."

May is promoter of the World and All-America tournaments at Chicago's Tam O'Shanter.

May made it plain the proposed commissioner would not "impinge" on any PGA executive powers, but pointed out that while the PGA now has a traveling supervisory staff no one man is designed to enforce decisions.

A commissioner likely could have solved already a matter which has been debated three days by the PGA's executive committee without action—the winter circuit dates.

Committee In Charge

Authority for handling details at present is spread among the 13-member executive committee, President Smith, Executive Secretary Tom Crane and three elected representatives of tournament players, Carey Middlecoff, Jerry Barber and Dave Douglas.

Dave Griffith, Detroit, was chosen vice-chairman of May's advisory committee, and Harry Radix, Chicago, secretary.

There are more than 60 sponsors here for the PGA sessions, but no decisions have been announced on tournaments. A spokesman claimed it was due to an excess of tournaments. Sponsor delegates have a session scheduled today.

Michigan State Still Runner-Up

EAST LANSING—Michigan State was still runner-up in the Western Conference Rose Bowl race today despite its 28-13 victory over Ohio State Saturday.

The trouble was that Michigan didn't cooperate, as all Spartan fans had hoped, by putting Illinois also in the one-game-lost bracket along with MSC.

Whatever happens in the mixed-up Big Ten race, however, Michigan State supporters had one solid consolation.

Leroy Bolden, the prize football package from Flint Northern High School, is still only a junior and will be around when Michigan State makes its bid again next year.

Bolden had another three-touchdown day Saturday. It was very similar to this performance against Minnesota that ended in a 21-0 MSC decision.

"He was the clutch player of the day," said Coach Biggie Munn. "He was magnificent."

St. Louis Bowler Rolls 1,000 Count

ST. LOUIS (AP) — Roger Gray, 38-year-old St. Louis accountant who had to lay off bowling for a year because of his health, today owns a new world's record for a four game league match.

He rolled 35 strikes to come in with a 1,000 total for the four games Sunday. The old record of 977 was held by Paul Krumske, veteran Chicago bowler.

Gray, a 140 pounder, posted games of 248, 244, 245, and 263.

He was bowling on a three-man team that includes Ray Haefner, and the latter's 12-year-old son Jim.

Celtics Usually Win With 79 Point Total

BOSTON (AP)—The Boston Celtics figure all they have to do to insure themselves a successful National Basketball Association season is to hold the opposition to less than 79 points per game.

The Celtics have scored 79 points in each of their first three games. But two opponents, Minneapolis and Fort Wayne, have outscored them. The Celts defeated the third team, Philadelphia, 79-77.

Jon Hanson Stars As Marinette Tops Menominee 19 To 7

MENOMINEE—A near-capacity crowd of 7,500 fans saw Marinette's speedy Jon Hanson score two touchdowns and set up a third as the Marines defeated Menominee 19-7 in the annual M-M football classic here Saturday.

Hanson, who carried 15 times for 135 yards, scored on runs of 69 and 9 yards and set up Marinette's other touchdown with a 55-yard gain on a screen pas.

Menominee's touchdown came after a Hanson fumble at midfield. The Maroons marched to the Marinette goal line and quarterback Bill Kraugh scored on a one-yard sneak.

Menominee scored in the first period and led 7-6 at half-time. Marinette scored twice in the third period to clinch the win.

Tab Wings As One Line Team

DETROIT (AP)—The Detroit Red Wings have been playing erratic hockey this season, and the reason is simple: They've been a "one line" team.

Their famed "production line" of Ted Lindsay, Gordie Howe and Dutch Reibel has been clicking at a record pace. But the other two lines are flops as far as scoring goes.

This was the picture today after the Red Wings had played a pair of 2-2 ties over the weekend with Toronto and New York.

The Lindsay-Howe-Reibel combination has piled up 46 points to monopolize the National Hockey League scoring lead. Howe has 16 points while Lindsay and Reibel have 15 each.

The so-called "second line" of Alex Delvecchio, Johnny Wilson and Metro Prystai is far behind with only nine points. The "third line," numbering five different players who play at various times, has accounted for only eight points.

23 STILL UNBEATEN

NEW YORK (AP)—Twenty-three college football elevens, among them Notre Dame, Maryland and West Virginia, remained unbeaten and untied today following a weekend which saw powerful Baylor and eleven other schools lose their spotless records.

Hockey Meeting Slated Tuesday

Members of the Escanaba Hockey Association will meet at the Escanaba Elks Club at 7:30 tomorrow evening to make a final tabulation of proceeds from the novel hockey dinner and to discuss plans for the coming season.

Nearly all persons who helped to sell tickets in advance have checked in, it was reported. Those who have not yet turned in the money for tickets for which they are responsible are asked to do so tomorrow night.

With the successful staging of the hockey dinner, the next thing on the pre-season agenda for the hockey enthusiasts is planning a season's program. Insurance, equipment, arrangements for practices on artificial ice in Marquette are among matters to be discussed tomorrow night.

Harold W. Alholm, president of the Northern Michigan Hockey League, is drawing up the schedule for the season and also making plans for the all-star game. Escanaba, Marquette and Portage Lake all-stars will compete in this annual classic against the defending champion Calumet Radars. Calumet defeated Escanaba in the finals last March.

On tap tonight is a "work bee" at the exhibition building indoor rink. Coach Mark Olson has called this session for 7 o'clock and urges all interested persons to help out.

U. P. Coaches Back Eligibility Ruling

ISHPEMING (AP)—Without discussion or debate, the Upper Peninsula Coaches Association Saturday morning went on record as supporting the Michigan High School Athletic Association on its stand in the recent eligibility ruling case."

Action on the motion was unanimous and came near the close of the two-day annual fall meeting in the Mather Inn here.

The coaches also expressed desire to participate in the annual selection of "coach of the year" in basketball. Generally it was agreed that selection should be made on a class basis, with a coach's season's record, the progress of his team, difficulty of his schedule and his ethics being considered in voting for the award.

The Naval Academy is located at Annapolis, Md., but none of Navy's varsity grid squad is from that state.

Parilli's Late Pass Gives Pack 21-21 Tie With Chicago Bears

eleventh pass and seventh completion jerked the Green Bay Packers from defeat and gave them a 21-21 tie with the Chicago Bears Sunday.

That completion also prevented the Packers from slipping into a deadlock with the cellar - dwelling Bears in the National Football League's Western Division.

Green Bay was off to a 14-0 lead. Bob Dillion wrested George Blanda's pass from Bill McColl and ran 49 yards for a touchdown. Then Fred Cone followed with a 41-yard scoring jaunt from scrimmage.

Chicago came back with Don Kindt intercepting a Parilli pass on the Bear 33 and streaking all the way up the middle. A Blanda to Jim Dooley pass covered 23 yards and brought another Bear score. Then Blanda passed 16 yards to John Hoffman and kicked his third conversion to put the Bears ahead, 21-14, on the first play of the fourth period.

It looked like curtains for the Packers and many of the 39,899 fans started home. But Parilli halted the exodus as he began ringing the bell with passes.

He hit end Bill Howton in the end zone with a 23-yarder with less than a minute and a half to go, then Cone booted his third conversion to tie it up.

Canadiens Just Another NHL Club On The Road

(By The Associated Press)

The league - leading Montreal Canadiens, almost unbeatable at home, are just another National Hockey League club when they hit the road.

The Canucks dropped their fourth road game in six starts last night as they bowed to the Bruins in Boston 2-0. Wingers Johnny Pierson and Leo Labine scored less than two minutes apart in the third period.

The runner-up Detroit Red Wings moved to within four points of the Canadiens by playing a 2-2 tie with the New York Rangers. But the Toronto Maple Leafs dumped the Chicago Black Hawks further in the league's cellar with a 2-1 triumph and drew even with Detroit.

The Canadiens, with a 10-5 season's record, have won eight of nine at home. What's more, they've scored 31 of their 38 goals at Montreal's familiar Forum. Two of their three shutout losses came on enemy ice.

Last night it was a case of too much Jim Henry. The Boston goalie turned back 33 shots in a rough, wide-open game.

At Detroit, Ted Lindsay's goal at 17:14 of the third period climaxed an uphill battle for the Wings. The Rangers had twice taken the lead on scores by Ike Hildebrand and Don Bones Raleigh. Johnny Wilson registered Detroit's other tally.

Tim Horton's goal early in the third period was the big one for Toronto. It was the Leafs' fourth straight over the hapless Hawks, who have won only two of 15 games.

Famed Baseball Man Near Death At 85

PORT CHESTER, N. Y. (AP)—Ed Barrow, the man who discovered Honus Wagner, changed Babe Ruth from a pitcher into an outfielder and built the New York Yankee baseball empire, is near death.

Barrow, 85, has been in a semicoma for two days. He is not expected to rally, a spokesman for the united hospital said. He entered the hospital July 7 with cancer, the spokesman said.

In 26 years as business manager, general manager and president, Barrow saw the Yankees win 14 American League pennants and 10 world championships. He retired in 1946 as president.

Good Air Defense Pays Off

By BOB HOOBING

NEW YORK (AP) — The bowl candidates who will face tough opposition Saturday would do well to take the pass defense page from Notre Dame's book.

All America Johnny Lattner's outstanding performance enabled the Irish to remain unbeaten after a 28-20 battle with surprisingly tough Penn. Lattner returned a kickoff 92 yards for one touchdown and set up two more. But it was his end zone pass interception in the final quarter, killing a Quaker drive, that assured victory.

It's an old story for the country's No. 1 team, which uses a skilled pass defense as a major weapon in its campaign for the national championship.

Same Old Story

Irish quarterback Ralph Guglielmi threw a scoring pass on the first play after intercepting an Oklahoma aerial to put Notre Dame safely ahead in a game it won 28-21. Guglielmi's 49-yard scoring runback of an interception against Navy broke the contest with the Middies wide open.

And good pass defense is just what the doctor orders for UCLA against Washington, Georgia Tech against Alabama and Maryland against Mississippi as the three teams battle for bowl assignments.

Ninth-ranked UCLA, idle last week, fights for a chance to tie Stanford's Pacific Coast Conference leaders in the race for the Rose Bowl while the Indians go outside the PCC against San Jose State. The Bruin problem is to stop Washington's sophomore passer Sandy Lederman. UCLA has yielded six touchdowns so far this year—four via the air lanes.

Bart Starr Stars

George Tech, No. 6 prior to its 20-7 victory over Clemson, is being mentioned frequently for the Sugar or Cotton Bowl. It draws Alabama, which has come up with a fine passer in sophomore quarterback Bart Starr while Tech may be without the services of injured halfback Leon Hardeman. A Bama upset would put the Crimson Tide in the bowl limelight.

Second-place Maryland, fresh from a 27-6 conquest of George Washington and almost a cinch for the Orange Bowl under the present Atlantic Coast-Bix Seven Conference tieup, bumps into an improving Mississippi team. Ole Miss mixes effective passing by Lea Paslay and Houston Patton with its strong running game. The Terrapins have given up just five touchdowns to date — two by passes.

Oklahoma halfback Larry Grigg batted away a pass at the Sooner 16 to stop a Missouri threat and from there the nation's No. 8 team marched to the touchdown that gave them a 14-7 triumph. Oklahoma, Big Seven favorite for the Orange Gowl, can assure a conference title tie by defeating Iowa State Saturday.

Stanford Surprised

Stanford finds its Coast supremacy challenged by UCLA because of a late-awaking Southern California pass defense. USC, ineligible for the Rose Bowl this year, ran back an intercepted pass to set up Sam Tsagalakis' field goal that meant a 23-0 victory with 14 seconds left in the game. Earlier, Stanford's Bob Garrett had completed 20 passes for 324 yards and three touchdown. Ironically it was the only interception of 31 Garrett tosses.

Fourth-ranked Illinois, gaining momentum in a drive for the Big Ten championship and a Pasadena visit with sophomores J. C. Caroline and Mickey Bates as the prime movers, meets Wisconsin. The Illini turned back Michigan 19-3 as Caroline gained 184 yards.

Michigan State, No. 5 before its 28-13 defeat of Ohio State for second position in the Big Ten, will meet Michigan in the nationally televised game.

Tie Clouds Picture

The Cotton Bowl picture was clouded when Texas tied Baylor for the Southwest Conference lead by edging the third-rated Bears 21-20 and knocking them from the unbeaten class. The Longhorns now have a schedule advantage in facing the two lowest teams—Texas Christian and the Texas Aggies—while Baylor has to meet Rice and SMU, both still in contention.

But Texas may need an airtight pass defense Saturday to stop passers Ray McKnown and Ron Clinkscale for a Horned Frog team that deprived the Longhorns of the title on upsets in 1941 and 1946.

West Virginia, 12-7 comeback conqueror of Virginia Tech and a bowl contender, meets South Carolina with its potent Johnny Gramling-to-Clyde Bennett battery.

Notre Dame plays North Carolina. Duke, No. 10, which was fought to a scoreless standstill by Navy, will be idle.

Wisconsin Still Has Hopes For Big Ten Title

Badgers Next To Face High-Geared Illinois

By TOM BRANAGAN

CHICAGO (AP)—Wisconsin's Badgers, still nursing hope for the Big Ten title themselves, were looking around today for a large-size monkey wrench to throw into Illinois' high-geared championship special.

The Badgers play the undefeated Illini at Madison Saturday. They're the last real hazard in Illinois' drive to the conference crown and a subsequent trip to the Rose Bowl.

Once the Illini get past Wisconsin their lone remaining opponent is Northwestern—a club that hasn't been able to win a Big Ten game yet. Wisconsin smashed the NU Wildcats 34-13 Saturday, running the Badger Big Ten record to three wins against one loss.

Eliminates Wolverines

Illinois eliminated one of the remaining pretenders to the crown, Michigan, with a 19-3 blast as Mickey Bates scored two touchdowns and J. C. Caroline rushed 184 yards and picked up 66 more on punt returns. This gave Caroline an all-department yardage total of 1,354—beating a record set by the great Red Grange in 1923.

Michigan State eliminated Ohio State from all but a mathematical pretension by dropping the Buckeyes 28-13. The Spartans, who play Michigan in their Big Ten finale Saturday, have won four and lost only one conference game.

Even so, the MSC Spartans — considered a near cinch for the championship in pre-season estimates —now can only hope that Illinois somehow will be tripped up by either Wisconsin or Northwestern.

Probable Tie

In this case, the probability would be that there would be either a two-way or three-way tie for the title, with Illinois, Michigan State and Wisconsin all in the running.

That's assuming Michigan State can dispose of Michigan Saturday in the Spartans' last Big Ten game and Wisconsin get by Minnesota in the Badger finals Nov. 21.

Minnesota and Ohio State have dropped two Big Ten games but still must be given a mathematical chance—although a highly improbable one —on the basis of their seven - game conference schedules. All other teams play six Big Ten games.

But chances are the championship will be decided Saturday at Madison.

Haven't Been Pushed

The Illini haven't really been extended since they were fought to a surprising 21-21 tie by Nebraska in the season-opener.

They've run over Stanford and Syracuse in non-conference games and have taken easily, in succession, Ohio State, Minnesota, Purdue and Michigan of the Big Ten.

Wisconsin beat Penn State and Marquette and lost to UCLA in nonconference games and, in the Big Ten, beat Purdue, Iowa and Northwestern while losing to Ohio State.

Saturday's Big Ten schedule:

Northwestern at Indiana, Minnesota at Iowa, Purdue at Ohio State, Illinois at Wisconsin, Michigan at Michigan State.

Notre Dame, which continued undefeated and untied by beating Penn 28-20 Saturday, is at North Carolina. Marquette, 19-0 victor over Detroit, is at Holy Cross.

Pushbutton Football May Not Be Far Off

ATLANTA (AP)—Pushbutton football? Don't be ridiculous. But Georgia Tech has inaugurated a mechanical device which its coaches think will bring a better brand of football.

The machine which has Tech coaches hepped up permits an assistant on the stadium roof to transmit diagrams to the coach on the sidelines.

Tech tried the machine— which the manufacturer, TelAutagraph Corp., calls a Telescriber —during the Clemson game Saturday.

Backfield Coach Frank Broyles, who watched the receiving set, was particularly enthusiastic about the new medium's advantages over roof-to-bench telephones.

Like Teletype

"I believe every big college team in the country will be using it as soon as the word gets around —probably inside a year," Broyles said.

The Telescriber works much like a teletype machine, except the writing is in long hand, which permits diagraming. The person transmitting writes on a special sensitized plate and his writing comes out simultaneously on a strip of paper in the receiver.

"If you want to," Broyles explained, "you can tear off a diagram and send it in to the quarterback. Then each player can see his assignment. That's a lot better than the man on the roof phoning me, me telling a player and sending him in to tell the quarterback, who then must tell the other fellows.

Valuable On Defense

"It's especially valuable in setting up defenses and solving your opponent's defensive formation.

"When a team comes out with something new is when it will really prove invaluable. Clemson used the same plays and defenses our scouts had reported so we didn't have to make any major adjustments. But it will really come in handy when we run into something we haven't seen before. It saves time and effort and is much more accurate than telephone information."

Head Coach Bobby Dodd said he believes the machine — which has been used for several years by hotels, large restaurants, police stations and other organizations—has "great possibilities" as a football coaching aid.

Orioles Will Decide Marion's Fate Today

BALTIMORE (AP)—The Baltimore Orioles will decide today whether to keep Marty Marion as field manager or add him to the pay-for-nothing list and hire somebody else.

Art Ehlers, Oriole general manager, was to meet with Marion to discuss the situation.

If Marty goes, the situation would develop into a Hornsby to Marion to "Mr. X" triple play.

Marion's contract with the old St. Louis Browns has a year to run. The Orioles have another year to pay on the old Brown's contract held by Rogers Hornsby, Marion's predecessor.

Want Right Man

Ehlers has said the fact Marion's contract has another year to go won't influence his decision.

"More important is that we get exactly the right man," he says. "He could be Marion or somebody else."

Ehlers and Marion have never met. What Ehlers is most interested in finding out is Marion's attitude.

"I want to start with a manager who concedes nothing to any club and thinks strictly in winning terms."

One thing he plans to ask Marion about is "remarks attributed to him last season that were not exactly of high regard of his club."

Speculation as to who would get the job if Ehlers doesn't like Marion has been scarce.

Dykes Possibility

There's Jimmy Dykes, former manager of the Philadelphia Athletics under Ehlers and an old friend. Dykes, succeeded by Eddie Joost, is still with the A's in an advisory capacity and probably would be no harder to lure from Philadelphia than Ehlers was.

Then, of course, there's Hornsby, who's still under contract, but nobody has heard his name mentioned.

The name of Bucky Harris, field manager of the Washington Senators, was bandied about. But that was before Ehlers was named general manager, and Harris' name hasn't been heard since.

GLADSTONE

VanArnam Has New Position

Joseph R. VanArnam left Sunday for St. Albins, West Virginia, where he has accepted an executive position.

St. Albins is a city of 15,000 located only a short distance from Charleston and in the heart of the state's chemical industry.

VanArnam will be manager-director of the St. Albans Chamber of Commerce.

He has had considerable experience in the C-C field having handled secretary posts in lower Michigan and at Gladstone and Manistique in the Upper Peninsula.

Cretens Leader In Smear Play

Alphonse Cretens scored 80 points and held onto first place in the Holy Name smear tournament in this week's play while Ed Leroux, who was tied with Cretens last week, got only 18 points and dropped to 10th place.

In second, 25 points back of Cretens is Charles Dementer with 260. Andrew Vargo is third with 257, Armand Ducheny fourth with 247 and Don Zierke fifth with 238.

Other scores are Harry VanDonsel 235, Albert Wilmotte 226, Julius Reubens 224, Clyde Alworden 22?, Ed LeRoux 223, Peter Standing 221, John Gnat 217, Auguest Boden 217, Millie Cassell 215, B DeHooghe 215, Louis LaCombe 204, E. Casimir 194 and Phil Gagnon 189.

Albert Wilmotte had high score with 81.

Pairings for this week include LeRoux vs. Boden, Standing vs. Alworden, Vargo vs. Cassell, DeHooghe vs. Zierke, Casimir vs. Ducheny, LaCombe vs. Gnat, Cretens vs. Reubens, VanDonsel vs. DeMenter and Wilmotte vs. Gagnon.

JOYYFUL TREEFUL—Children and Christmas toys are pretty much the same in Berlin, Germany, as in America. And the goodies are just as good, this German youngster proves, as she samples sweets under a toy tree in a U. S. sector department store exhibit.

Briefly Told

Boy Scouts — Boy Scout Troop 467 will meet this evening at 7 at the First Lutheran church.

* * *

Job's Daughters — A regular meeting of Bethel 7, Job's Daughters, will be held this evening at 7 at the Masonic Hall.

* * *

Church School Staff — Teachers of the First Lutheran church school will meet Tuesday night at 7:45 at the church.

* * *

Luther League Group—A Luther league executive meeting is scheduled for Tuesday evening at 8 at the home of Mr. and Mrs. Robert Ebbesen.

* * *

Lady Maccabees — Lady Maccabees are having a regular meeting Tuesday night at home of Mrs. August Feldt. Entertainment and lunch will follow the meeting. Each member may invite a guest.

Talk Contracts For Parsonage

A special meeting of the First Lutheran congregation is being held tonight at 7:45 at the church, it is announced by the Rev. Clifford Peterson, pastor.

Purpose of the meeting is to clarify contracts for the new parsonage.

The church voted months ago to construct a new parsonage for the pastor and his family.

A large attendance is desired at the session.

Social

Bridal Shower

Miss Jean Closs was honored at a bridal shower on Thursday evening at the Lincoln hotel. Mrs. Emerson Brown received the special award. In smear, Mrs. Lourn Burton was first and Mrs. Ben Wiltzius, second. Winners in whist were Mrs. Peter Waeghe, high and Mrs. Jennie Pease, second. In five hundred, Mrs. Charles Makosky was first and Mrs. Ben Young, second. Canasta winners were Mrs. John Katarincic, first and Mrs. Janie DuRoy, second.

A tasty lunch was served at the close of the festivities and the honored guest was presented with many beautiful and useful gifts.

Party arrangements were made by Mrs. John Closs, Mrs. Bill LaCrosse and Mrs. Clarence Closs.

Miss Closs will be married on November 28 to John Savard of Escanaba.

Rotarians And Ladies Attend Escanaba Meet

Gladstone Rotarians and their ladies will join with Escanaba and Manistique for a dinner meeting at the Delta Hotel Tuesday evening at 7.

Speaker of the evening will be Bonnie Warren, Sturgeon Bay, who spent a year at the University of Edinburgh, Scotland, as a Rotary Foundation student.

Miss Warren was a speaker on the District convention program at Neenah last month and was well received.

Furniture Repair Class Is Planned

A meeting for purposes of enrolling interested persons in the adult education program is being held tonight at the Gladstone High School.

Furniture repair and upholstery will be offered first and other classes will be added later if there is sufficient interest.

The fee for the 12-week course is $2.50 and 12 'students' must enroll to have the course approved.

Harold Enders, head of the manual arts department will again be in charge.

Actual instruction will begin next Monday night.

More people get more news from newspapers than from all other sources combined.

Navy Boat Uses Bell Invention

WASHINGTON—One of Alexander Graham Bell's scientific developments, far removed from the telephone that made him world-famous, has gained importance in 1953, thirty-one years after the inventor's death.

The United States Navy recently announced it has found significant used for "hydrofoil" boats and ha. an active development program under way, reports the National Geographic Society.

"Dr. Bell's work in this field, as in so many others, was years ahead of its time," said a Navy spokesman.

"In his day, the Navy had no applications for the speeds so vital in 1953. Now we have uses for hydrofoils, and we find that much of our preliminary work was brilliantly done for us years ago by Dr. Bell and his associate, the late Frederick W. Baldwin."

Headed Geographic

When the world hears Dr. Bell's name, it usually things of the telephone invented by the Scottish-born genius, president of the National Geographic Society from 1898 until 1903.

Few remember that in 1919, the Bell - Baldwin "Hydrodrome No. 4" fourth in a series as the name implies, roared over the waters of Nova Scotia's Bras d'Or Lakes at 70.86 miles an hour to set a world speed record for boats.

Driven by air propellers on two 350-horsepower, low-compression Liberty motors, the 60-foot-long HD-4 rode on hydrofoils. Dr. Bell and Mr. Baldwin had been experimenting with hydrofoils—underwater "wings" arranged in vertical tiers and set beneath the boat's hull—since 1909.

As a hydrofoil-equipped boat gains speed, it rises on the foils, just as an airplane rises on its wings, until finally it rides only on the bottommost foils. Unlike a normal displacement-type hull, it runs on a minimum of wetted surface, hence there is little friction. When the boat is "up", a maximum of power is translated into speed.

Research Slows

Dr. Bell died in 1922. Hydrofoil research languished in the United States although Mr. Baldwin continued it in Canada. Germany produced a hydrofoil patrol boat during World War II. It could make 65 miles an hour but showed a tendency to capsize.

The National Advisory Committee for Aeronautics developed a hydrofoil boat in 1943. Photographs show it had foils much like those fitted to HD-4. Since the war, Sweden has built a 35-knot hydrofoil ferryboat.

Dr. Bell wanted to drive his boats underwater propellers to take advantage of water's heavier-than-air density. He tried submerged drive on HD-1 in 1909, in fact. However, he was defeated by weight and the phenomenon of propeller cavitation.

The latter problem he correctly predicted would be solved one day with greater knowledge and higher speeds. The Navy's current experimental boats have underwater drive.

As far as is known, HD-4's 70 miles an hour still stands as the speed record for the type. HD-4 herself is still in existence at Dr. Bell's old home, Beinn Bhreagh, Baddeck, Nova Scotia, on the banks of the big salt lake which once echoed to the thunder of her engines.

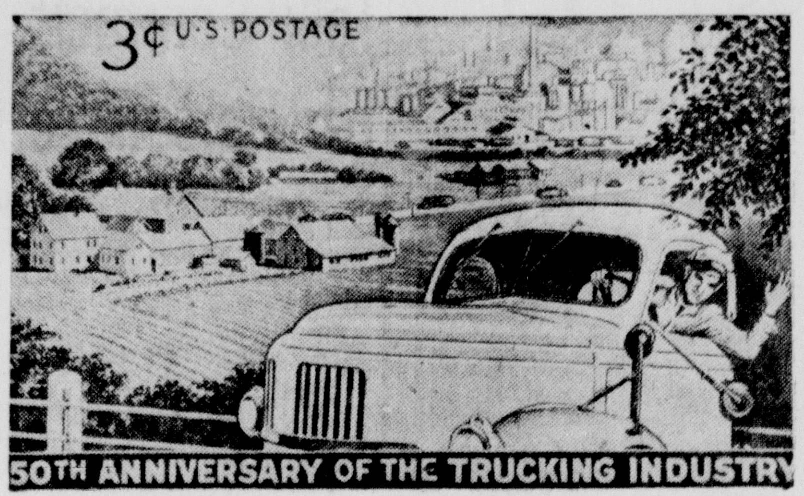
Sweet Potatoes Learn To Sprout

DAVIS, Calif. (AP) — They're teaching the sweet potato to sprout on the Davis Campus of the University of California.

Farmers have been neglecting some new varieties of sweet potatoes because they are poor sprouters, but now a team of researchers from U. of C. and the Texas Agricultural Experiment Station have developed techniques to make them sprout better with the aid of a growth hormone.

Greenwich Village Once Potters Field

NEW YORK (AP)—Utility company employes say discovery of human remains in Washington Square is "a matter of routine." Washington Square is the center of Greenwich Village, artistic and bohemian resort. An estimated 100,000 persons have been buried in the area which was used as a Potter's Field from 1797 to 1823.

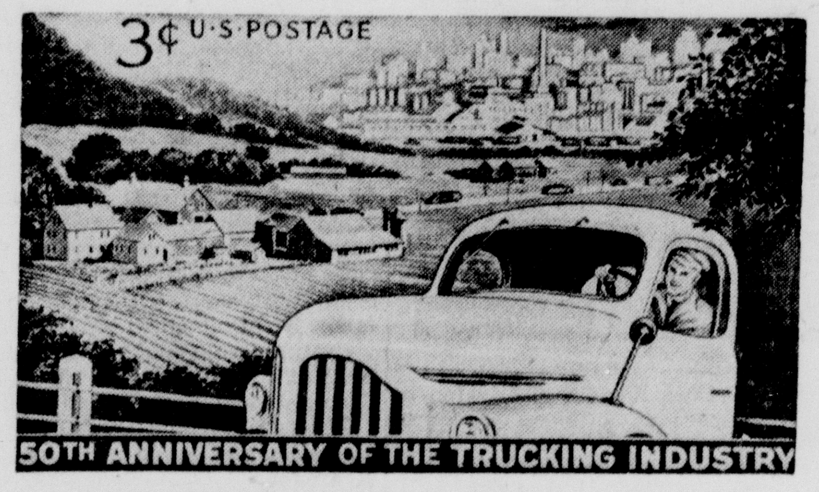


3¢ U·S·POSTAGE
50TH ANNIVERSARY OF THE TRUCKING INDUSTRY

Truck depicted in first stamp resembled well-known make until . . .

Same Stamp, New Truck---

The three-cent stamp designed to commemorate the 50th anniversary of the trucking industry, top, has been revised because of complaints that the truck it depicted too closely resembled the product of a well-known manufacturer. First placed on sale at Los Angeles, Calif., the revised stamp, below, features a composite vehicle which never rolled off an actual production line.



3¢ U·S·POSTAGE
50TH ANNIVERSARY OF THE TRUCKING INDUSTRY

. . . it was retouched to make the trucking industry happy.

Dead Sea Will Yield Great Mineral Riches

WASHINGTON—Bitter waters of Israel's Dead Sea are too salty to sustain any form of life, but their fabulous mineral reserves are commercially valued at more than a trillion dollars.

The earth's lowest spot and one of the hottest, the Dead Sea contains probably two billion tons of potash, vital to fertilizers, says the National Geographic Society. The basin also holds some 22 billion tons of magnesium chloride, used in textile and cement manufacture; 980 million tons of bromide, essential to medicine and photography; and 11 billion tons of sodium chloride, or common salt.

Record Salt Content

Although only one-fifth the size of Utah's Great Salt Lake, the Dead Sea has nearly double the salt content—26 per cent. Ocean water has a mere five per cent salt content.

The "chemical gold mine" is simple to tap: water is pumped onto land to evaporate under a fiery sun, and the various dehydrated products are later separated and purified. Commercial extraction was begun in 1930 by British and American interests.

Evaporation, estimated at from 6½ to 17 feet at the surface of the Dead Sea annually, is the sole outlet for six million tons of water daily flowing into the basin from the Jordan River and lesser tributaries. During the hot, dry season—May through October—blue-white mists hover over the water because of the high rate of moisture evaporation. Temperatures average 100 degrees Fahrenheit in this period.

Salts in the sea originate in the area's nitrous soil and in the sulphurous springs which feed its tributary streams. Asphalt lumps that occasionally ooze from the depths and wash ashore suggest the possibility of rich oil deposits. Seven petroleum companies have been granted concessions by the Israeli Government.

Difficult Swimming

Dead Sea water is bitter to the taste and oily to the touch. Bathers are left covered with a dried crust of salt. It is almost impossible to swim in it; arms and legs protrude out of the buoyant water. The sea's surface is 1,286 feet below sea level, and its deepest point reaches down another 1300 feet.

Cradled between the sandstone Moab Mountains on the east and the limestone Judea hills on the west, the Dead Sea is 47 miles long and 10 miles wide. The southwestern portion touches Israeli territory, but three-fourths of the shore lies in Jordan.

The Dead Sea area is the site of the Bible's wicked cities of Sodom and Gomarrah, which were destroyed by "brimstone and fire." Lava beds and volcanic slag have been found on the south shore, but archeological expeditions have failed so far to uncover any ruins of the towns.

Last Two Survivors To Finish Bottle

GREAT FALLS, Mont. (AP) — A bottle of champagne, now aging in the vault of a Great Falls bank, will be drunk by the last two survivors of Company A, First Montana Volunteer Infantry.

Originally the wine was to go to the last survivor. But members of the "Last Man's Club" of the Spanish-American War Veterans in their last annual convention passed a resolution to change the original terms. The thoughts of several were expressed by one veteran who said:

"In my imagination I see myself with that bottle but I know I couldn't drink it; I wouldn't want to drink it."

NO HEADACHE

PICKKENS, S. C. (AP)—A thief who broke into Jess Christopher's store here recently plans to suffer no headaches from his deed—his loot included a carton of aspirin tablets and two cases of headache powders.

Largest Freighter On Lakes Launched At Midland, Ont.

MIDLAND, Ont. (AP)—The largest Great Lakes ship ever to hit the ways was launched Saturday at the Midland Shipbuilding Co.

She is the 715-foot T. R. Mc Lagan, named in honor of the president of the Canada Steamship Lines, Ltd., of Montreal, for whom the ship was built. After launching ceremonies, the vessel will be fitted out to ready her for the opening of the Great Lakes navigation season next spring.

The ship, under construction here since January, will have a capacity of 800,000 bushels of grain or 25,000 tons of coal or ore and a speed of 17 knots.

Makes Owo Therapy Bath Equipment

Buffalo, Okla. (AP)—Nineteen-year-old Victor Terbush, stricken with polio, got to go home from the hospital a lot sooner because of the ingenuity of his father. Terbush has had to take physical therapy baths each day and doctors advised he remain in the hospital so that the treatment could be continued.

However, his father, F. H. Terbush, knew how much his son wanted to come home and inquired about getting bathing equipment such as used by the hospital.

He was told it would cost $400 so the father set about building similar apparatus. With the outlay of 15 cents for materials, and use of the family vacuum cleaner and bathtub, he succeeded in making a bath which is as effective as the regular equipment.

Blizzard Brings 32 Guests At Farmhouse

GALENA, Md. (AP)—Mr. and Mrs. Robert E. Comegys and their five children got 32 unexpected overnight guests Friday.

Two school buses, each with 15 school children and a driver, got stuck in a snow drift near the Comegys' farm in Kent County. The children, 6 to 17 years of age, were put up in the Comegys' nine-room farmhouse.

Mrs. Comegys fixed heaping platters of food and then bedded the guests down all over the house. They were to be returned home today.

Camera Ban Relaxed By Soo Locks Guard

SAULT STE. MARIE (AP)—Army Engineers have relaxed slightly their ban or picture-taking at the Soo locks.

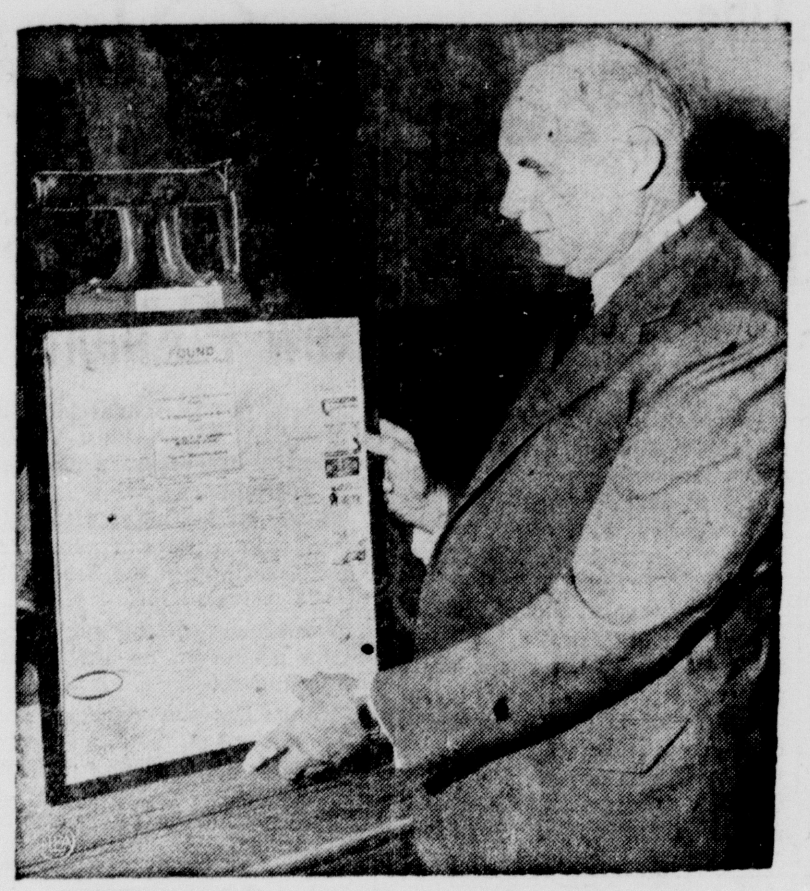
Col. Arthur C. Nauman, chief of the Detroit district of the Corps of Engineers, announced Friday that tourists may take pictures from a park area over which a security ban recently was lifted.

Col. Nauman, however, said sailors passing through the locks will not be permitted to take pictures.

Tourist picture-taking and sightseeing was banned at the locks in June of 1950.

BEAN GUESSING TABOO

HARTFORD, Conn. (AP)—The law has cracked down on bean guessing contests. They are illegal, the state's attorney has ruled, because it takes luck rather than skill to guess the number of beans in a jar.



CLASSIFIED INFORMATION — Alfred C. Fuller, founder of the brush company that bears his name, paid high compliments to newspaper classified want ads during ceremonies when a photostatic copy of his first want ad was placed in the firm's museum hall. The four-line ad in a Syracuse newspaper, back in 1909, is credited as the turning point that brought sales up from $20,000 a year to its $50,000,000 now. Mr. Fuller has consistently used newspaper want ads ever since the first one, which is circled on the framed copy he holds above.

Self Treatment Of Skin Rashes Perilous

INDIANAPOLIS (AP) — Self-treatment of skin rashes and itches can often make troubles worse, firing up allegric-type reactions to the remedies used, two Indiana physicians report. By patch test, they found that one-fourth of a group of patients had skin troubles caused by one of a succession of remedies they'd used. The report is by Drs. L. E. Gaul and G. B. Underwood in the Indiana State Medical Association Journal.

Boost In Rent Brings Complaints

NEW YORK (AP) — So many tenants have complained against landlords since the state allowed a 15 per cent boost in rents last May 1 that this city had to buy four new automatic typewriters to answer them.

The department of housing and buildings reported it now receives 700 to 800 complaints daily, compared to an average of 550 a day last year.
